Pipers Will Meet Anson in Hamlin

Hamlin Trowned by Spur in Friday Game; Large Crowd Expected Tonight

Hamlin's Pied Pipers crumpled before the powerful attack of an inspired Spur football team last Friday night when the locals lost 28 to 6 on the Spur field.

The Spur team scored touchdowns in every quarter of the game and rolled up a total of 226 yards in rushing, and 96 yards in passing. They outplayed the Hamlin lads throughout the contest.

Tommy Alldredge ran eight yards for Spur to claim the first tally in the opening quarter of the game, and Melvin Lindsey shoved the ball across from the five yard line for a touchdown in the second.

Lindsey passed to Joe Simpson for four yards to gain the third tally.

Tickets for the Hamlin-Anson game are on sale in the Waggoner Drug Store and at the High School and school officials have requested grid fans to purchase tickets ahead of the game to avoid congestion at game time.

and a spectacular pass from Simpson to Reynolds for 70 yards was responsible for the fourth. Lindsey's toe accounted for the extra point in each of the four times.

Dee Young in the fourth quarter scored the lone touchdown for the Pipers.

The Pied Pipers this week were preparing for one of the hardest games of the season, when they will meet the Anson Tigers on the home field Friday night.

School officials believe the game will find a capacity crowd of fans from both towns in attendance.

While rated as underdogs in the contest Friday, Coach Jesse Burditt said his team is in good condition to meet the invaders, and that the boys are going in to give everything they have for Hamlin.

Anson last week took its second win of the season when the Tigers defeated Colorado City 27-7 in a game at Anson. The Tigers held the lead all the way in the game.

Starting lineup for Hamlin will

probably be the same as that for the Spur tussle.

Standings of the teams in both the East and West halves of District 6-A are given below:

District 6-A Team Standings.				
(West)				
Team—	W	L	T	Pct.
Rotan	2	1	0	.750
Hamlin	1	1	1	.500
Merkel	1	1	0	.500
Roscoe	1	1	1	.500
Colorado C.	1	2	0	.333
Snyder	0	2	0	.000

(East)				
Team—	W	L	T	Pct.
Albany	3	0	0	1.000
Haskell	3	0	0	1.000
Throckmorton	1	0	1	.750
Anson	2	1	0	.666
Stamford	0	3	0	.000
Munday	0	3	0	.000

(Based on all games played.)

Last Friday's Results.
Albany 13, Ranger 7.
Haskell 58, Rule 0.
Throckmorton 12, Munday 0.
Anson 27, Colorado City 7.
Stamford 7, Rotan 48.
Hamlin 6, Spur 28.
Merkel 38, Lorraine 6.
Roscoe 6, Littlefield, 6.
Snyder (Open).

Friday's Games.
Stamford at Colorado City.
Haskell at Albany.
Anson at Hamlin.
Rule at Munday.
Throckmorton at Coleman.
Snyder at Rotan.

Gospel Meeting Is Set For Church of Christ

A 12-day gospel meeting will open in the Hamlin Church of Christ Wednesday, October 20, it has been announced by J. Cleo Scott, minister of the local congregation.

E. R. Harper of Abilene, widely known evangelist, will conduct the services and Milton Fletcher will have charge of the song services. The meeting will continue until October 31, Mr. Scott said.

Mighty Mice Took Merkel in First Game of Season; Face Will Stamford

Hamlin's Mighty Mice, emulating their namesake, ran over the Merkel junior football team in the first game of the season in Hamlin Park last Thursday night. The score was 24 to 4.

The fighting spirit of the young players came to the surface after Merkel took the first tally, early in the first quarter.

In the last part of the second quarter received a punt from Merkel and ran 40 yards for a touchdown. At the half the teams were tied 6-6.

Hamlin took the ball at the kickoff and kept possession of it until Butler scampered 20 yards for the second touchdown for the home team. Butler was also responsible for carrying across the third tally, and Troyce Hargrove, left half back, scored in the fourth with an end run.

All attempts at conversion failed.

The Mighty Mice were girding this week for a tough tussle with the Stamford junior team at Stamford, Thursday night. The Stamford players defeated Anson juniors last week 32 to 6, and is considered one of the hardest playing aggregations in the area.

Starting lineup for the Mighty Mice will be the same as in the Merkel game.

Coach John Howell of the Mighty Mice said Thursday that his boys are ready for the battle and are going in with confidence.

IN CALLAN HOSPITAL.

Five Hamlin people received treatment in the Callan Hospital in Rotan last week. They are: Mrs. J. O. Hall, Mrs. R. J. Armstrong, Virginia Lee Colclazer, E. L. Carnes and Santana Contercs.

Pictured above are members of the Mighty Mice, Hamlin's powerful little junior football squad, which opened the season by beating Merkel 28 to 6 here Thursday evening. Members as shown are, front row, left to right: Bobby Green, Dwain Rogers, Thomas Newland, Robert Angel, Joe Ray Rosenbaum, I. R. Rhoton, Charles Early, Joe Don Hymer, Donnie Holloway, James Eddie Jay, Wayne Farmer. Second row, left to right: Billy Ray Barnett, Don Crowley, Jack Wright, Dan Johnson, Milton Butler, Marvin Johnson, Gerald Elders, Kevin Rogers, Don Kelly, Joe Vic White, Richard Powell. Third row, left to right: coach John Howell, Bill Ray Jerry Seymour, Troyce Hargrove, Robert Fletcher, Loyce Hargrove, Clark Hewitt, Donald Armstrong, Guy Weaver, Melvin Carden, Donald Strain and Lee Maberry.

Pictured in front of the scoreboard in the Hamlin football field are the co-captains of the 1948 Pied Pipers. Left is Seth Adams, 160-pound tackle, and Joe Ford, 128-pound halfback. The two leaders of the Pipers have played outstanding football in the games the Pipers have played this season.

Three Posts Join In Ritual Monday

Division Commander to Be Speaker In Installation Program in City

With J. R. Gleaton of Stamford, Fifth Division Commander of the American Legion, as the principal speaker, Legion posts and their auxiliaries of Hamlin, Stamford and Anson will have an installation ritual in the Hamlin City Park Monday evening.

The program will be given in the Veterans Memorial building in the park, according to J. E. Culbertson, who has been reelected commander of the Hamlin post.

Refreshments will be served to Legion and Auxiliary members and their guests during the evening's entertainment, and several brief talks from visitors will be made.

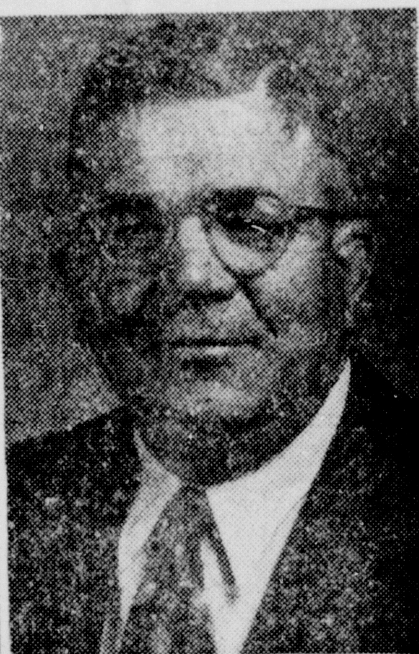

Scores of Legionnaires and their wives and families are expected from Stamford and Anson for the ceremony, and local Legion officials are urging all members of the Hamlin post to be in attendance.

Officers to be installed in the Hamlin Legion are Culbertson, commander; Fred C. Smith, first vice commander; William Elgar Duncan, second vice commander; Fred Carpenter, third vice commander; Brad Rowland Sr., adjutant; Glenn Williams, historian; Arlie Cassie, service officer; J. C. Turner, child welfare chairman; and T. W. Havens, sergeant at arms. A chaplain for the post will be elected later.

Officers of the Hamlin Auxiliary to be installed are: Mrs. Gilbert W. Bowman, president; Mrs. Vera Nobles, secretary; Mrs. Ross Fomby, treasurer; Mrs. Valera Hudson, historian, and Mrs. James E. Simmons, reporter.

The office of vice president has not yet been filled.

Lists of officers for the Stamford and Anson posts were not available.

JOE CULBERTSON

Hamlin Gins Process More Than 200 Bales

More than 200 bales of cotton had been ginned in Hamlin prior to Thursday, a check of the two ginning firms revealed.

The Producers Gin led with 175 bales and the Farmers Cooperative Gin, which began operations only Monday of this week, had processed 51 bales.

The extreme drought during the past few weeks is expected to cut the cotton crop in the Hamlin area by hundreds of bales. Some cotton estimate the total crop for the year at not more than 3,000 bales.

The club elected Orval T. Kelley, personnel manager of the Ceotex Company, to membership.

Rotarians Get Report On Pope Vacation Trip

A detailed report of the extensive vacation trip taken during the past month by Mr. and Mrs. Bowen Pope was given at the Wednesday noon meeting of the Hamlin Rotary Club.

Pope, who returned to Hamlin last Friday, told of visiting in Winnipeg, Canada, and of the trip home by way of Little Rock, Arkansas, and Texarkana.

The club elected Orval T. Kelley, personnel manager of the Ceotex Company, to membership.

Miss Agnes Morton, teacher in the Abilene schools, spent the week-end in Hamlin as a guest of her parents, Mr. and Mrs. J. H. Morton.

Pope Defends Hospital Setup; Urges Meeting

Former Manager of Hospital Says Receivership Would Be a Mistake

Decker Well Has Show; Drilling Ahead on Bryant

A showing of what is believed to be paying oil production was reached on the No. 2 Decker, test well being drilled by the Hall Drilling Company in the northeast quarter of section 80, west of Hamlin, Sunday.

Circulation was lost in the well and the crew was trying to regain it to complete the test. No estimate of the amount of oil it will produce had been made.

Meanwhile the Dr. Bryant No. 4, put down as an offset to the Bryant No. 3, was drilling ahead and had reached a depth of 3,200 feet Wednesday.

Other oil activity in the Hamlin field was routine this week, observers said.

Jones County Has 2,328 Registered In Service Draft

Falling far short of the anticipated 3,600 expected to register for the peacetime Selective Service, a total of only 2,328 young men had signed up for the draft when the registration period ended, according to Mrs. A. A. Dunwoody of Anson, secretary for the board.

Classification of registrants who have returned questionnaires was expected to get underway early this week when members of the Jones-Haskell-Shackelford board met.

Questionnaires have been mailed to most of the single men born in 1922, 1923, 1924 and 1925, Mrs. Dunwoody said. Many questionnaires have been returned to the board, and questionnaires were being prepared last week to mail to the remainder of the 2,328 youths.

No quotas for the county had been received early this week and no instructions had been issued on the induction schedule. First calls are expected in November.

Bowen Pope, until August 31 manager of the Hamlin Memorial Hospital, came out this week in defense of the original setup of the institution, when he issued a statement to the public in a paid advertisement in The Hamlin Herald.

Pope, who was one of originators of the idea for a hospital here as a memorial to servicemen, was one of the leaders in getting the required number of supporters for the institution. For the past month Pope has been out of Hamlin on a vacation.

Pope resigned shortly after a meeting of stockholders was held in Hamlin High School auditorium on August 26. It was at this meeting that a group of nine directors were elected. The men, chosen at the time, refused to accept the responsibility.

A second meeting was held in the High School Auditorium Sunday afternoon, September 5, when Starr Inzer, prominent business and civic leader, was asked to take over the acting management of the hospital pending reorganization.

The movement for receivership originated when attorneys consulted by members, told them it would be the most practical manner of getting affairs of the institution on a sound business basis. The plan was to sell the hospital to one or more doctors, who would operate it as a private institution.

This week petitions were being circulated throughout the Hamlin area seeking signatures of stockholders, who were asked to indicate their sentiments on the future of the hospital.

A petition asking that the hospital be sold to some doctor or group of doctors, had obtained by far the larger number of signers. A second petition, carried by the same men, asked that the hospital continue to be run as it has in the past. Only a few names appeared on this petition.

Pope expressed his keen disappointment at the turn of events since he left Hamlin, and said in his statement to The Herald that he believes the hospital can be made to operate profitably under its original plan.

"There are no grounds for re-

ceivership," Pope stated. "It would scuttle the hospital if it should be sold. I am opposed to any step that would take the hospital out of the hands of those who have confidently put their hard earned money into the hospital, with the understanding that it shall always remain as a democratic owned and controlled property."

Pope said that a meeting will be called soon, in which stockholders will be given the opportunity to express their preference. He did not indicate the date of the meeting.

In addition to defending the management of the hospital, Pope also denied that the institution is in precarious financial condition. He said the operating income of the hospital is ample to meet existing bills and that rental paid by the two doctors at the institution will take care of payments on the installment note.

In the meantime movement for filing suit asking for appointment of a receiver had halted because of the serious illness of Starr Inzer, who suffered a severe heart attack Tuesday night and has been ordered by his physician to take complete rest for an indefinite period.

In the meantime the hospital will continue to function as an institution, and will take care of the medical needs of patients, it was announced Wednesday.

INZER IS ILL

Starr Inzer, prominent business and civic leader of Hamlin, is seriously ill in the family home this week following a heart attack he suffered Tuesday evening. Inzer's condition Thursday morning was reported to be "some better," but his doctor ordered "complete rest and no excitement." The doctor requested that friends of Inzer not come to visit him until his condition is further improved.

Armstrong Takes Over Station Management

Roland Armstrong, who for the past 18 months has been employed in a service station in Hamlin, became manager of the Humble service station at the Irwin Motor Company, last Thursday.

Armstrong purchased the interest of John Irwin, who had managed the station for the past few months. Mr. and Mrs. Irwin left Friday for Junction, Colorado, where they will make their home.

Lions Hear Musical Program in Meeting

A musical program was presented at the Tuesday noon meeting of the Hamlin Lions Club, with Miss Elaine Jones as vocal soloist. Mrs. Baker played accompaniment for three selections.

Several business matters came up for discussion by the club members.

MOVES HOME HERE

Mr. and Mrs. Buren Carlton, until recently residents of the Carlton community, have moved their farm house into Hamlin and are making their home here. They bought a lot immediately north of the Pat Collins house.

"HEY, SKINNAY, C'MON OVER!"...

Seal Brothers Circus Coming Here Next Wednesday; Animals Featured

Complete with clowns, wild animals and daring stunts the Seal Brothers Circus will come to Hamlin Wednesday, October 6 for two showings, it was announced this week by an advance agent of the big show.

Arrangements have been made for the circus to use the vacant lot just east of the International Harvester Company's building on the Stamford Highway.

A matinee will be given at 2:00 o'clock and the evening performance will begin at 8:00 o'clock. The show is said to take more than two hours for each performance.

Among the headline features to be presented will be Wilhelmina, huge elephant, which will go through its repertoire of stunts; a group of highly educated horses, trained and presented by Bud E. Anderson, widely known as a horse trainer; aerial ballets, in their breath taking exhibitions on the wires and cross bars, and the famous Fuller Family, who will perform acrobatic and tumbling feats.

The show is appearing this year with new equipment and many new acts.

Popular prices have been maintained for the two appearances of the circus here, it was announced.

Doors will open one hour before scheduled start of the show at each performance.

The appearance of the circus in Hamlin is sponsored by the Hamlin Fire Department, which will receive a percentage of the gate receipts.

Mr. and Mrs. Charles Prather and son returned to their home in Nettess, Tuesday after they had visited relatives here.

Apartments Needed For Seismic Crew

Apartments for housing members of the Seismic Engineering Company, exploration crew, and their families are needed badly in Hamlin, Mrs. E. M. Wilson, secretary of the Chamber of Commerce, said Wednesday.

An advance agent for the company was in Hamlin Wednesday to make preparation for the coming of the crew. He said at least four apartments are needed, and an additional indefinite number of bedrooms. The crew will number about 35 people.

If Hamlin fails to provide housing for the crew it will be forced to go to Aspermont, Mrs. Wilson said. Persons who have houses available, or rooms for rent are urged to call the Chamber of Commerce.

ATTEND FOOTBALL GAME

Mr. and Mrs. Joe Culbertson will leave Friday for Norman, Oklahoma, where they will attend a football game Saturday at the University of Oklahoma.

BURNETT'S SISTER DIES.

P. C. Burnett of Hamlin was called to Dublin, last week by the death of his sister. He was accompanied to Dublin by Mrs. Ada Treadaway, Mrs. Bill Burnett and Mrs. Ray Burnett of Sweetwater.

A Law That Impels

There can be no constitutional law in the United States which would compel an individual to have social intercourse with another individual. Such a law would be an infringement upon the rights of the one compelled.

Neither can any constitutional law be enacted to force an employer to hire any given individual, or to choose his employees from any particular group. That, plainly, would be an abridgement of the right of free choice of the employer.

Nor can any law—whether constitutional or not—be effective that seeks to stamp out festering racial hatreds and to compel men to refrain from mob violence when their passions have been stirred to the point of insanity. Mobs are not reasoning bodies and they would violate such a law whenever the mob hysteria seized upon the hate-filled hearts of a given group.

It is futile to attempt to force respect for mankind and respect for law upon the unwilling.

Thus it would appear that the announced objective of both the Democratic and Republican parties—an objective echoed in demagogic refrain by Wallace and his Communist cohorts—is impossible to attain. It would appear that in America, historically the haven of the oppressed, that basic rights must continue to be denied to some of its citizens.

But there is nothing wrong with the stated objectives of both the Democratic and Republican parties. The goal they seek to attain is a worthy one and deserving of full support. Only the methods they would employ are subject to criticism. It is not possible to force right attitudes upon any person. Attitudes must spring from within.

While no advocate of racial segregation—even the most bitter—can successfully argue that Negroes and Mexicans and other minority groups in America are accorded full and free opportunities, yet it is a contradiction of the Bill of Rights itself to attempt to spread freedom to one group by taking it from another.

As an individual you have the right to select your companions. If you prefer to associate only with men who wear silk ties and monocles, that is no concern at all of the government, nor of professional dogooders. It is your privilege to choose those with whom you associate. But, in making your choice, if you violate the rights of any other person or group, that becomes a violation of the principles of

Americanism and democracy, and even of Christianity.

Despite the fact that any inflexible law passed to correct these evils would be unworkable, and would result only in bloodshed and riots, the solution to the racial problem is not impossible to attain. It is not even difficult.

Instead of a law that would compel men to associate with those whom they would avoid, we need an application of a more ancient law—one that would impel rather than compel. Obedience to that law would inspire proper treatment of all people and would protect the rights of every individual.

A long time ago a humble man walked the shores of Galilee and proclaimed "As ye would that men should do unto you, do ye even so unto them." And that is the basis for all civil and social fairness.

Instead of a campaign that will stir up sectional strife and engender racial hatreds, America needs a nation-wide campaign to cause people in all sections to examine their own attitudes and divest themselves of all traces of hatred they find within. It is not in accord with Christian principles to let hatred control the heart. Nor can the acts of racial discrimination be in keeping with the teachings of Jesus.

Whenever Christian men and women come to accept without reservation the teaching of the Master in their dealings with their fellowmen, the problems of racial strife will melt away and America will know internal peace.

Whenever we come to accept the Divine fact that "God hath made of all nations one blood for to dwell upon the face of the earth," then will our Bill of Rights have attained full meaning and America will have reached its goal of "liberty and justice for all."

Camp Fire Girls in Fremont, Ohio, sent Christmas packages to 91 children in 12 different countries last year. This year, together with Camp Fire Girls across the nation, they will "Send Santa Overseas" by filling special Christmas stockings for children in almost every country in the world. "Be Friendly—Make Friends—Join the Camp Fire Girls."

The progenitor of the Lee Swiss Straw hat was introduced in England in 1779 by Admiral Nelson, who made it the summer uniform hat for his crew.

Are YOU Going Thru CHANGE of LIFE?

causing you to suffer from HOT FLUSHES?

Does the functional 'middle-age' period peculiar to women (38-52 yrs.) make you suffer from hot flushes, feel so nervous, high-strung, irritable, weak? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous for this! Taken regularly—Pinkham's Compound helps build up resistance against such 'middle-age' distress. It's what Doctors call a uterine sedative. It positively contains no opiates—no habit-forming drugs. Pinkham's Compound helps nature (you know what we mean). It's also a great stomachic tonic! Any drugstore.

How About Closing One Eye?

By Gene Byrnes

American News Features, Inc.

Texas With Acute Shortage of College-Trained Teachers, STA Says

and universities are a small portion as there is a demand for the total crop for the state's public schools. Requests for teachers made to colleges, denominational and other colleges for the present school year totaled 12,727. Only 1,068 placements were possible, according to Charles H. Tennyson, public relations director of the Teachers Association. "The teaching profession must, in some way, be made more attractive or our school systems will suffer even more than they now suffer," Tennyson said. "It is quite likely members of the profession could help by 'selling' their students upon the desirability of teaching as a life work and of the opportunity to serve. "There are many persons, however, who would like to be of service as a teacher who cannot because of economic conditions. We appreciate the additional pay given our teachers by the last legislature. I believe the next legislature, knowing living conditions now, will grant additional revenue." The Texas schools have a shortage of more than 11,000 qualified teachers this year. The greatest demand is in the grade schools. "In 25 years in this work I have seen nothing like the present situation," E. H. Farrington, director of the teacher placement bureau, of North Texas State Teachers College, Denton, said Saturday. "Elementary teachers are the most scarce," he declared. "The situation is not as critical in high school classrooms except in sciences, physical education, English, music, mathematics and coaching." Other states are luring graduates of Texas colleges with higher pay, Farrington pointed out. "New Mexico is an excellent example," he said. "That small state with a minimum of \$2,640 for teachers, as compared with \$2,000 for those with bachelor's degrees in Texas, is making big inroads upon our teachers, both the newly qualified and experienced instructor." Sam Houston State Teachers College had the largest demand for teachers this year. It could have placed a few more than 4,000 but had only 120 available. Southwest Teachers was called upon for 3,000 and supplied 230. Baylor University could have placed 971, but had only 113 available. Southern Methodist was asked for 602 and provided 36. Texas Tech could have placed 814 but had only 87. Texas State College placed 160, but had a demand for 1,517.

STORY WAS RIGHT—BUT FIGURES WRONG

The story was factual, the facts were correct—but the figures were wrong.

That's the only explanation that seemed logical at the moment for an error that crept into the story last week about the fire department.

The Herald said the department had set a record of more than 40 days, and gave the date of the last fire as August 10. The correct date was August 5, and it had been more than 50 days without a conflagration.

In fact, at the time this is being written the fire department has not had a flame to fight for 54 days.

CALLED FOR JURY.

Roy Hartgraves, Hamlin merchant went to Anson Tuesday, where he was summoned for duty on a jury in district court.

Mrs M P May is a guest of Mr. and Mrs V W Day in German, this week.

Funeral Services for Turner Infant Monday

Funeral rites for Janice Ruth Turner, infant daughter of Mr and Mrs D J Turner Jr, were conducted in the Barrow Funeral Home Monday morning at 10:30. J. Cleo Scott, minister of the Church of Christ was in charge.

Janice Ruth was born dead at 4:30 Sunday afternoon. She is survived by her parents and a brother, Mike, of the home.

Burial was in the North Cemetery.

Mrs Wayland Fuquay is in the Stamford hospital for medical treatment this week.

Mr and Mrs W M Rose have returned to their home from a vacation spent in the lake region of Minnesota.

Can Black-Draught Help An Upset Stomach?

Yes, Black-Draught may help an upset stomach if the only reason you have an upset stomach is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental haziness, bad breath—and if these symptoms are due only to constipation—then see what Black-Draught may do for you. Get a package today.

Hamlin Memorial Hos. News Notes

Cotton Prices in Texas Hold Firm Above Government Loan; Demand Weak

More trading in spot cotton at Southwest markets last week paralleled the increased activity at all terminals, the Production and Marketing Administration, United States Department of Agriculture, reports.

Sales at Dallas, Houston and Galveston ran 40 per cent ahead of those of the previous week to reach 57,685 bales. Nation's 10 spot markets, including those in Texas, sold 215,800 bales last week, 28 per cent more than the previous week, but less than a year ago.

Domestic mills made more inquiries for Southwest cotton and the volume of forward sales increased. Demand for prompt and near month deliveries was fair, but for small amounts. Shippers wanted mostly strict low middling and better ranging in staple length 7-8 inch through 1-1-32 inch.

Farmers in some sections continued to offer cotton more freely as prices remained above government loan values. During the past week, prices of middling 1516 inch cotton hovered around \$1.10 to \$1.20 cents per pound at Dallas, Houston, Galveston and New Orleans. Only Little Rock prices dropped below 31 cents, but held about steady between

30.85 and 30.95 cents per pound. Since mid-September prices have declined about a dollar per bale. Spot prices stood around 30.80 cents per pound at this time last year.

Cotton ginned in Texas through September 15 was higher in grade but shorter in staple than last year during the same period. In Oklahoma the cotton was lower in grade but longer in staple.

Texas cottonseed prices went up \$3.50 per ton and averaged \$72 at the gin. Oklahoma farmers received an average wagon lot price of \$67.90 per ton.

NO FIRE—JUST VISIT BY BOY—UNANNOUNCED

It wasn't a fire late Monday afternoon that set the fire alarm to wailing and caused volunteer firemen to go dashing madly down the street seeking the scene of conflagration.

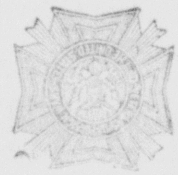

The fire department was called out to help find a boy—a boy who wasn't lost at all, but had only gone visiting—unannounced.

Claude B. Chastain Jr., son of Dr. and Mrs. Claude B. Chastain, had gone to the home of Miss May James, nearby, for a friendly chat. When his parents missed him and couldn't locate the child anywhere near, they asked for help from the firemen.

The child, when discovered, told his parents that he had asked his aunt, Mrs. Perry Sparks, if he could go see Miss James. But Mrs. Sparks had not understood the question to which she assented.

Mickey McGuire, fire chief, said the department is glad to be of assistance at any time when an emergency arises, and invited people to call on it for help.

TCU to Honor Three Religious, Civic Leaders

TO CELEBRATE its 75th anniversary Sept. 20th, Texas Christian University will hold a diamond jubilee convocation at which honorary Doctor of Laws degrees will be presented to three outstanding religious and civic leaders. A Christian Church school, TCU will mark its anniversary by presenting its first honorary degree to a Jewish leader—Henry Cohen, left above, Rabbi of the Temple B'nai Israel, Galveston. The other two recipients will be Dr. Charles H. Harris, center, eminent Fort Worth physician and founder of the Harris Memorial Hospital and of TCU's Harris College of Nursing; and Oron E. Scott, prominent St. Louis businessman and outstanding laymen's leader in the Christian Church.

IN ROBY HOSPITAL.

Edgar Harris of Sylvester underwent medical treatment in the Roby Hospital last week.

Mr. and Mrs. A. T. Thomas spent Sunday in Abilene as guests of friends.

Mr. and Mrs. Arice Jones of Cleburne were guests of Mrs. Maurice Jones of Neinda this week.

Mr. and Mrs. C. C. Prather were called home from N-trees, where they were visiting Mr. and Mrs. Charles Prather, because of the serious illness of Mrs. Prather's sister, Mrs. W. H. Stephens of Abilene.

Our Policy on PONTIAC Deliveries and Prices

Despite the fact that Pontiac has built over a half-million cars since the resumption of production after the war, demand still exceeds supply. In the face of this production record, those who place orders now will still experience some delay in delivery. If you

are among the many people who feel that Pontiac represents an outstanding value—and wish to order a Pontiac for future delivery—you will be interested in the following policy on retail distribution which we, as Pontiac dealers, will observe:

ORDERS FILLED BY PRIORITY

A definite proportion of the cars we receive from the factory is set aside for preferential delivery to users whose work is in the public welfare and to others with certain occupational requirements. Otherwise, all orders will be filled on the basis of the time when they are received.

YOU SPECIFY ACCESSORIES

While most of our customers order their cars equipped with accessories, we do not force accessories as a condition of sale. You specify what accessories you want when ordering your car, and these are the ones (and the only ones) it will carry when delivered. Some items may be lacking due to current shortages; but none will be added.

REGARDING TRADE-INS

Naturally, if you have a car to trade, we would like to have it in order to take care of our regular used car customers. Our appraisals are fair, based on current conditions. But if you do not have a car to turn in, we still want your order and will accept it for delivery based on the conditions outlined above.

YOU PAY ONLY OUR ADVERTISED PRICE

Due to changing economic conditions, we cannot, when you place your order, tell you exactly how much the car will cost when delivered in the future. But, at the time of delivery you will be charged only our advertised price on your model—which will be shown in a published list of local prices.

WE WANT YOUR ORDER

And the sooner you place it, the sooner you will get delivery. So if you want a Pontiac, order it now.

WE WILL ESTIMATE DELIVERY DATE

Due to conditions beyond our control, we cannot give you an exact date of delivery. But based on anticipated future shipments from the factory, we will, when you place your order, give you an honest estimate of when you may expect your car. Such estimates will be reviewed any time on request.

Since this is our "home town", our business and its future is based on our good relations with the people of this community. We are most happy that so many people here—as all over the country—have made Pontiac their number one choice as a new car.

Nothing pleases us more than to turn over the keys of a new Pontiac to one of the many people whose orders we have, because we know they have chosen well—for Pontiac is always a thoroughly good car, and a thoroughly good value, this year, next year, any year.

Vets Given Free Tuition in State Universities

Veterans, who have exhausted their eligibility for schooling under the GI Bill of Rights, are entitled to free tuition at any tax-supported college or university in Texas, Attorney General Price Daniel said this week.

Daniel made the ruling after a study of the law in answer to questions submitted to him by veterans. The free tuition in state schools is provided under Section 4, Article 2564-1, Texas Civil Statutes, Daniel said.

In addition to free schooling there is no limit to the amount of time needed by the veteran to complete his education without having to

County Valuation Is Up More Than Million

More than \$1,000,000 has been added to the Jones County valuation for the taxable year of 1948, Elzy Bennett, tax assessor-collector, reported this week.

The valuation for 1948 is \$18,402,410, as compared to \$17,365,080 for 1947.

Bennett said the total amount of taxes on the 1948 roll is \$238,230.22, including state, county, road and common schools. State taxes were set at \$61,889.30, while taxes for county purposes are \$177,775.60.

pay tuition, Daniel said.

Also, he continued, a veteran may get part of his education in one school under the free tuition provision, and then transfer to another school to continue his studies.

Katy Carloadings Up In Trend for Week

Carloadings on the Katy railroad took a sharp upward trend for the week ending September 18, over the same period of last year, a report issued this week revealed.

For the 1948 period total carload-

5,571 for the 1947 period. Loadings for the year to date, however, were down slightly. Last year prior to September 18, the railroad had loaded 206,222 cars while this year only 205,282 were loaded for the same period.

Mrs J A Jackson moved to Dallas this week to make her home.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste.

Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

Branscum Rites Were Conducted Last Thursday

Funeral services for C. R. Branscum, 57, were conducted in the First Baptist Church in Hamlin last Thursday at 2:30 p. m. Branscum died in the Callan Hospital in Rotan Wednesday evening, September 22.

Branscum, who had served as Hamlin night watchman until illness forced him to retire from the job, was suffering from leukemia, a blood disease.

Final rites were in charge of Rev. A. R. Posey, pastor of the Hamlin First Baptist Church, Rev. D. G. Reid of Abilene and Rev. O. F. Brown of Rotan.

A resident of Hamlin for many years, Mr. Branscum had been well known throughout this area.

Burial was in the East Cemetery, directed by the Barrow Funeral Home.

Branscum is survived by his mother, Mrs. Sallie Branscum of Hamlin, five sisters, Mrs. Jim Rose, Mrs. Maye Richardson, Mrs. Bailey

Rites in Hamlin On Thursday for L. H. Pritchard

Funeral services for Luther H. Pritchard were conducted in the Hamlin Church of Christ at 4:30 p. m. last Thursday with J. Cleo Scott, local minister, in charge.

Pritchard died in his family home in Rotan at 7:00 p. m. Wednesday, September 22. His death was unexpected.

A former resident of Hamlin, Pritchard was engaged in the trucking business in Rotan. He had spent the day working and was sitting on the porch of his home when he suffered a sudden heart attack.

Carried into the house by his son, Billy, 21, Pritchard died within a short time. An autopsy was performed after Sheriff R. L. Wilkins, Chief of Police O. B. Williams and

Meeks and Mrs. Albert George, all of Hamlin; and three brothers, Wilson Branscum of Delevan, Illinois, U. S. Branscum of Roby and A. Branscum of Rotan.

Night Watchman Lewis Clark were called to the home to investigate the death.

Pritchard, who was 43 years of age at his death, had been a resident of Hamlin for years until he moved to Rotan several months ago. He was well known in the Hamlin area.

Burial was in the East Cemetery, directed by the Barrow Funeral Home.

Survivors are his widow, Hazel Pritchard, a son, Billy Ray, 21, and a daughter, Dorothy Fay, 19; the mother, Mrs. W. J. Pritchard of Anton; four brothers, Tom Pritchard, Hamlin, Wiley Pritchard Jr., Lubbock, and Vivian and Reece Pritchard, both of Anton; six sisters, Mrs. Chester Gray, Fort Worth, Mrs. Bertha Evans, Lubbock, Mrs. Dorothy Bevels, Lubbock, Mrs. Naomi Simmons, Hughes Springs, Mrs. Ola Maberry and Mrs. Ollie Daniels, both of Anton.

Baron Von Steuben was a famous German officer who helped organize the Continental Army during the Revolution.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC. REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933

Of The Hamlin Herald published weekly at Hamlin, Texas for October 1, 1948. State of Texas, County of Jones.

Before me a notary public in and for the State and county aforesaid, personally appeared Roy J. Curtis, who, having been duly sworn according to law, deposes and says that he is editor of The Hamlin Herald and that the following is, to the best of his knowledge and belief, a true statement of the ownership, man-

agement, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1.—That the names and addresses of the publisher, editor, managing editor, and business managers are: Publisher, Willard Jones, Snyder, Texas; Editor Roy J. Curtis, Hamlin, Texas; Managing Editor, Roy J. Curtis, Hamlin, Texas; Business Manager, Roy J. Curtis, Hamlin, Texas.

2.—That the owner is: Willard Jones, Snyder, Texas; H. G. Lackey, Houston, Texas; June Jones, Hamlin, Texas.

3.—That the known bondholders, mortgages, and other security holders owning or holding one per cent or more of total amount of bonds,

mortgages, or other securities are: Owen Pope, Hamlin, Texas; Bose Reader, Stephenville, Texas.

4.—That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company, but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embrac-

ing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or cor-

poration has any interest direct or indirect in the said stock, bonds or other securities than as so stated by him.

(Signed) Roy J. Curtis, Editor.
Sworn to and subscribed before me this 29 day of September 1948.
(SEAL) Faye Dean, notary public.
(My commission expires June 2, 1949.)

Youth Rally to Feature H-SU Service Band

A youth rally featuring members of the famed Hardin-Simmons University Life Service Band, will be conducted in the Hinson Baptist Church Saturday night and Sunday, according to Rev. Thurston Healer, supply pastor.

The church is located five miles west and three fourths of a mile north of Hamlin on the Rotan highway.

Services will be conducted at 7:30 Saturday night, at 11:00 Sunday morning, at 2:00 Sunday afternoon and at 8:30 Sunday evening, Rev. Healer said.

A basket dinner will be served at noon Sunday on the church grounds.

The public is invited to attend each of these services and hear special music, singing, personal testimonies and preaching.

Too Late to Enlist if Physical Is Ordered

A registrant in the peace-time selective service cannot volunteer for enlistment in the armed services after he has been notified by his local board to appear for pre-induction physical examination, Sgt. Harold Hartgraves, recruiter of the Sweetwater district, announced this week.

Hartgraves is in Hamlin each Monday and Wednesday at the local fire station where he will interview prospective volunteers.

MOORE FINISHES COURSE.

Corporal Worth C. Moore, son of Mr. and Mrs. W. C. Moore of Hamlin, has graduated from the six-months teletype mechanic course at the Signal School, Fort Monmouth, New Jersey. He is awaiting assignment to an other station for duty. Moore has been in the Army for two years, and previously was employed by G. R. Bennett of Hamlin.

Braw Rowland, former Hamlin football star, and now a star fullback on McMurry College's team makes a personal inspection of the Indians' new hydro-therapy machine. The device is commonly called a "whirlpool." Heater water, propelled by an electric motor, is helpful in treatment of injured muscles, and the machine makes use of this theory.

Statement From BOWEN POPE

TO HAMLIN PUBLIC:

On August 31, after nearly three years of ceaseless effort to create and get into service a modern hospital for ALL people of this area, I found that my physical strength was such that I had to get away into a new atmosphere to recuperate, I was gone 25 days, and upon returning I began to read about and hear unfavorable and damaging statements that the Hamlin Hospital Association and its \$80,000.00 worth of property should be thrown into a receiver's hands or that the whole thing should be sold.

Either step would destroy not only the usefulness of the hospital as a community health center, but it would be an admittance that the people of Hamlin, a population of perhaps 4,000, are not civic-minded enough to stabilize and hold secure such a valuable thing as the hospital in their own hands.

There are no grounds for "receivership."

It would scuttle the hospital if it should be sold.

I am opposed to any step that would take the hospital out of the hands of those who have confidently put their hard-earned money into the hospital, with the understanding that it shall always remain as a democratic-owned and controlled property. I shall exert every effort to prevent the destruction of the Hospital Association by turning it over to any private party or group of individuals who could and might exploit our community.

HERE ARE SOME FACTS:

Everything that has been done by the "organizing Board of Directors" has been legal, open and above-board. A general meeting of the Membership has been held, and reports made of what was done. A legal, typical Co-Operative Constitution and By-laws and rules and regulations, according to law, were read and approved. A board of nine directors was duly elected, and provisions are such that any vacancy may be filled by those who accept. If none of the elected directors see fit to accept, then it would be proper for the members to have another meeting and elect persons who would be willing to accept responsibility as officials.

At this time, as I understand, none of the men elected have accepted and drawn for their term of office, which must be either for ONE year, TWO years or THREE years. Until the duly elected men qualify as directors, the legal responsibility remains in the hands of the "Organizing Directors". The hospital is now suffering for some definite authority. Until directors assume authority the Membership is the only authority and whatever they do must be done by vote in a general meeting. If the men elected as directors will serve or if a majority qualifies, they can fill vacancies, but if none, then others must be elected as soon as possible.

When a meeting is called all members are notified and if a person does not attend that is his fault, and those present, regardless of number, constitute a quorum to transact business.

NOW ABOUT FINANCES:

To complete the building and have enough funds to make down payments on equipment, it was necessary to make a loan on the property of \$15,000.00 at 5 per cent for a period of 10 years, payable quarterly. Two payments have been made and the next one will be on December 1. The old Board made a contract with the two doctors whereby they pay the hospital \$100.00 each every month. This sum in three months will more than take care of each quarterly payment. The next payment will be \$553.13.

Each payment grows less every three months. So as long as the doctors pay for the rooms they occupy they will liquidate that loan, and more.

Equipment, like in nearly all housekeeping and business, is purchased by paying so much down and the balance over a period of time, so much each month. The total amount of monthly payments, including interest on some, is less than \$500.00 and will grow less as time passes. Only the September payments are delinquent, and to this date nobody has fussed about payment. All other payments have been made promptly. Some of these installments will last 8 months, and others will continue over nearly 3 years, unless the people who want to stop damaging rumors and slurs, rally behind the hospital and pay off all equipment and say, "we are safe from anybody taking out stuff because no pay is coming."

BUT THE HOSPITAL BELONGS TO THE PEOPLE, and some seem to think it is a failure and talk only failure. Some think it has done well as a young small hospital and only needs a chance to prove it will stand on its own feet. This question will be voted upon when a meeting is called. If it is sold, it must be by your vote and not by petition. If it is to be kept in the hands of the people, as started, it can be done by your vote. The question: Do you want one man or a few persons to buy the hospital at "some price" and enjoy the money that so many have contributed to all the people to be used and enjoyed by all the people for all time. Which do YOU want? I am for keeping it in the hands of the people, regardless of sacrifices, and damaging statements.

NOW ABOUT OPERATING COSTS:

The hospital started from nothing in the bank, February 16, 1948. There were no medicines and but small supplies. Up to September 1, the hospital bills receivable amounted to more than \$2,000.00 and enough to meet all items of running expenses and have considerable to apply on "open drug accounts." Much of this amount was in process of collections from insurance companies, but naturally some were doubtful. The first six months of operations, all bills, except some material and supplies on open accounts, were met as promptly as in most family accounts. There is no grounds to say that the services rendered by the hospital will not be paid for equal to the cost of operation.

All departments of the hospital have been well staffed by reliable help, and we believe in time more registered nurses and technicians can be obtained. Do not blame anyone if we can not find them.

Our doctors are widening their acquaintances and rendering exceptional services to all their patients. They are safe and careful. We are lucky to have them and it would be unfortunate for a long time to see their practice in this community disturbed. Again let me say we need your sympathetic support, morally and financially. My services are available to the limit of my physical strength and also my financial ability. Do you want the hospital to continue as we started? Let us know in a meeting that will be called soon. Whichever way the members decide I shall accept. If the hospital is not kept in the hands of the people, then I cannot work for building a hospital to benefit private or party owners.

Yours truly,
BOWEN POPE

Increase in Flu Cases Reported; Advice Is Given

The 414 cases of influenza reported in Texas last week, bring the incidence of this disease up to 40 per cent more than the seven year median, as shown from the figures submitted by the 181 counties sending in reports to the State Health Department.

Influenza without complications may be a fairly mild ailment, according to Dr. George W. Cox, state health officer, but, he pointed out, complications can turn this disease into a dangerous condition very quickly.

"Many cases of influenza are mild," Dr. Cox said. "Often they lend themselves to treatment readily. However, two important factors enter into the treatment of influenza, and they are, calling the family physician as soon as the first symptoms appear, and taking life very easy for a reasonable length of time after the acute stage has subsided."

Dr. Cox declared that influenza is not mass-controllable. He emphasized that maintaining the highest possible health level at all times affords an individual the best protection from contracting this disease.

"Getting plenty of sleep and rest, daily exercise in the open, nourishing foods, and strict personal hygiene are our best known defenses against influenza," Dr. Cox said. "This applies to all respiratory diseases. A person who avoids all habits and practices detrimental to a maximum well-being and thus builds up a strong resistance to disease, is much less likely to contract influenza than is the individual who does not guard his health in this manner."

WEEKLY NEWS ANALYSIS
Indian Troops Invade Hyderabad,
Endanger Country's Shaky Peace;
Russia Confuses Crisis in Berlin

By Bill Schoentgen, WNU Staff Writer

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

INVASION:
Hyderabad

Events in India were a far cry from the days when Mohandas Gandhi's philosophy of passive diplomacy prevailed among the affairs of that sub-continent.

Indian troops, strongly supported by armored units, had invaded the princely state of Hyderabad (see map) whose Moslem ruler—called the Nizam—had refused to join with the other Indian dominions even though Hyderabad's population is predominantly Hindu.

THAT WAS THE whole story. The Nizam and his small, compact Moslem court would not agree to follow the other Indian princely states in according to the Dominion of India which was established last year.

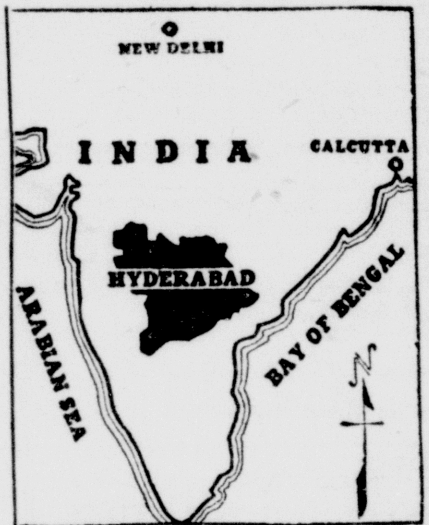

The Nizam, often called the richest man in the world, and the only surviving heir of the great Mogul empire, wanted to rule an independent Hyderabad.

Whether he could have succeeded in doing that, even if the dominion government had not opened hostilities against him, is questionable. Hyderabad is completely landlocked and has no access to the sea except by courtesy of the states surrounding it. All of its imports and exports, therefore, must pass through India.

WHILE HYDERABAD might profess its independence as a state, chances are that the economic and political conditions of actual independence never could be achieved.

Can India's invasion of Hyderabad be justified? Not too easily, if at all. It was not a matter of sending a police force into the state to quell internal disorders. It was, apparently, a deliberate act of aggression and as such should go before the U. N. security council for judgment.

From a practical standpoint there was not only no need for the invasion but there is an actual danger

involved. There are no linguistic or racial differences between Hyderabad's Hindus and the Hindus of adjacent states. The boundaries of Hyderabad are arbitrary and historical, not dependent upon the geography of the vicinity.

INDIA MIGHT well have refrained from pushing the issue for a year or two, pending a peaceful settlement.

The potential danger lies in two phases of the situation:

1. THE HYDERABAD war might prove to be the factor that will precipitate violent conflict between Hindu and Moslem Pakistan, whose more or less peaceful relations now are strained and uneasy.

2. IT IS A BLOW to the British Commonwealth, to which both India and Pakistan still belong. With the Russians acting the way they are, any disturbance of the delicate balance of power that still prevails in the East could bring still another catastrophe down upon the world.

RUSSIANS:
Fantastic

Not even the most starry-eyed Pollyanna could deny that the U. S. Soviet fracas over Berlin was downright fantastic and getting more so every day.

The whole thing simply had stopped making sense, even to many of the diplomats who were embroiled in the situation.

WHAT CHANCE was there for any logical kind of peace when, even while western diplomats were in Moscow attempting to work out a formula with Soviet Foreign Minister Molotov, the Russians in Berlin were inciting riots, kidnapping western sector policemen and firing on American planes engaged in the air-lift?

One complication was being piled on top of another, with the ensuing result that any possibility of a peace-

The Last Mogul

Sir Mir Osman Ali Khan, sometimes called the richest man in the world, is the Nizam of Hyderabad, land-locked princely state in India which was attacked by India's dominion troops.

ful solution was getting buried deeper and deeper.

That all this confusion was being fostered deliberately by the Soviets was quite evident. Their purpose for so doing was more obscure.

THE RUSSIANS want full control of Berlin, taking that as their immediate objective. Ultimately they want to force American occupation troops completely out of Germany, after which Russia could take over the great German industrial potential, including the inestimably valuable Ruhr section.

However, there might be still another reason for this display of Soviet diplomatic aggression which was planned almost a year ago to erupt this fall.

The Russians might be trying to harass the western nations to the point where the entire Berlin issue will be dumped in the lap of the United Nations. Once the crisis comes under U. N. jurisdiction the Russians might plan to use the inevitable squabble as a pretext for resigning from the world organization and taking their satellite states with them.

THE EAST-WEST split into two opposing power spheres then would be complete. Moreover, the U. N. itself probably would be reduced to total impotency in guiding international affairs.

And the question of whether the Soviet Union is entertaining motives like these might be answered by the end of the year. For the western nations were determined that if they didn't get some satisfaction from Moscow soon they would arraign Russia before the United Nations this fall.

COTTON:
Lift Dat Bale

With the largest cotton crop since 1937 being harvested this year, Uncle Sam is making ready to stage a comeback in the cotton buying business.

Of the 15,219,000 bales to come off the land, the cotton trade estimates that about a third will go into storage under federal loan.

TWENTY-ONE MILLION people in the United States depend on cotton for their livelihood, and the fate of the cotton crop, therefore, is not only a personal but a national concern.

The federal government is coming into the picture because cotton prices are coming down. They have reached 31.04 cents a pound, which is pretty close to the support floor of 30.74 cents.

Here's what happens:

WHEN THE COTTON grower hauls his crop to the warehouse he gets a receipt for it, and then he either sells the cotton at the market price or accepts the government's standing offer to lend him money on it.

If he chooses to accept the loan, he is paid 30.74 cents a pound on the average—the exact price depending on the kind and quality of the cotton.

Then he is free, for one year, to sell the cotton for more money, provided the price goes up. If he doesn't sell it within a year the government becomes owner of the crop.

PROBABLE EFFECT of this operation will be to keep a lot of cotton off the market this year, thus preventing the price from dropping through the support floor. Also, it will result in the government's ending the year with several million bales of cotton on its hands.

THICKER THAN FLIES

Russia Is Well Supplied With Manpower

Russia and the Soviet satellites are appallingly well supplied with manpower for military purposes, according to official estimates in Washington.

In Soviet Russia alone there exists a tremendous reservoir of able-bodied men for land armies. Best estimates indicate the existence of 175 divisions of Russian ground force and security troops, embody-

BIG FOUR:
Or Little 14?

The U. S. government's spectacular suit against the "big four" meat packing companies—Swift, Armour, Cudahy and Wilson—promised to be one of the biggest anti-trust actions since President Theodore Roosevelt said something about carrying a big stick.

Filed by the justice department in federal court in Chicago, the suit asks that the four companies be broken up into 14 separate firms. Specifically, the U. S. wants Swift and Armour to be carved into five separate companies each and Wilson and Cudahy each to be split into two firms.

TOM CLARK, attorney general, said in a statement: "The four defendants named in the complaint are charged with suppressing competition in the sale of meat and meat products." The Sherman anti-trust law is being invoked in the action.

Clark described the suit as "another in a series of cases instituted by the department of justice in furtherance of its program to free the production and sale of food and food products from monopolistic restraints."

THE PACKERS had another story to tell, however, with "playing politics" as one of their key phrases.

Said John Holmes, president of Swift and company: "It is significant that the charges appear at the beginning of this fall's political campaign. Apparently an attempt is being made to shift responsibility for inflationary price trends."

"No one can control either livestock prices or meat prices," Holmes fumed.

INFRA-RED:
Frost Killer

The day—or night—of the old fashioned smudge pot as the main buffer between plants and killing frost may be nearing an end.

Science has taken over to come up with a new kind of frost killer, development of which was sponsored by the American Iron and Steel institute.

THE CONTRAPTION, known as the Plymouth infra-red lamp, is in a fair way to affect materially the nation's agricultural system, the institute thinks.

Reporting on the new device, the institute pointed out that while farmers will find the lamp invaluable in saving crops during the first touches of frost, the growing season actually may be extended as techniques for its use are developed.

Dr. Arthur W. Farrell of Michigan State college, one of the men responsible for development of the infra-red machine, cited an example: "On September 2, 1946, to take one example, Michigan had a two-hour killing frost. The next frost did not occur until October 1, a month later. Had tomato and melon growers been able to protect their crops for about two hours on the morning of September 2, they would have had four more weeks of very favorable growing weather. As it was, they lost everything."

"THE FROST dispeller, made up of sheet steel and a little ingenuity, will put an end to some of nature's nonsense."

The lamp is composed of a circular piece of stainless steel, shaped in cone-shaped steps, with an oil burner within the framework. When the burner is put into action, the steel heats until it becomes cherry-red. At this point, infra-red rays are thrown off, spreading over the area to be warmed, even entering the ground in their intensity.

IN PASADENA... Michael Beal, 83, (above) received a 30-day suspended sentence for being drunk and disturbing the peace after he had propelled his wheelchair up and down sidewalks at a furious rate of speed, hurling invective and profanity at all comers.

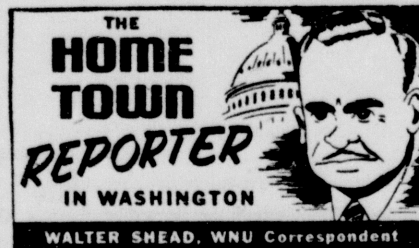

IN GREAT FALLS, Mont... Members of the Cascade county Democratic central committee voiced no objection when Ray Wise, a Republican, submitted his resignation after being elected Democratic precinct committeeman.

IN EAST PRAIRIE, Mo... A. L. Webb cleaned out his desk, came across a letter his wife had given him to mail 11 years ago, shuddered at the possible consequences, finally mailed the letter.

BLIMP:
Biggest Yet

Biggest blimp the U. S. navy ever ordered and the first to be constructed for the war soon will be under construction at the Goodyear Aircraft corporation in Akron, Ohio. The U. S. navy bureau of aeronautics has announced.

The ship will have a helium capacity of 825,000 cubic feet and an empty weight of about 34,000 pounds. It will be 324 feet long, 71 feet wide and 92 feet high.

WALTER SNEAD, WNU Correspondent

Too Many Farmers?

WHY, with the increased demand for farm products and the fact that farming is more prosperous than ever before in its history, is there a continual and rapid decrease in farm population?

The bureau of agricultural economics in answer to that question told this reporter that the basic reason is simply that there are too many farmers. As a matter of fact, the farmers can do the job they are doing with many less farmers than there are today.

Actual farm population of the country as of January 1 this year was 27,439,000 which is a decrease of three million since 1940. So in seven years there was a migration of three million persons away from the farms and to the cities.

Even so, there are still more than enough farmers to do the gigantic job of production which has been asked of the farmers of the nation, for one out of every three adult per-

sons who live on farms has either a part-time or full-time job in the cities and towns.

In 1944 which was one of the peak years of farm production there were only 25,630,000 persons living on farms, the main reason being that the young men had gone to war.

There simply isn't room enough or work enough on the farms to take up the population born on farms. Farm population would double itself in a generation. The birth rate in the rural areas is 19.1 as compared to 17.1 in urban areas to every 1,000.

For three decades, technological development, increased yields per acre despite rapid population increases of the nation as a whole and consequent increased demands for more food, have brought about a trend of migration away from the farms. And were it not for the higher standard of living brought about by the advent of electricity and other conveniences on farms, this migration would be even more rapid than it is today.

Machine and power tools, better housing and schools, the automobile—all have been a deterrent to prevent this out-farm movement, but it hasn't been enough and the simple fact remains that the nation still could do with fewer farmers and still produce sufficient quantities of food to feed the country and part of the world.

Even back in 1930 when there were not many jobs in cities, one out of seven farmers went to the cities to work. In 1940 one out of five farmers worked in cities and towns and as pointed out above, today one out of three adults make their living or part of it working off the farms. While this migration has been mostly from the smaller and less economically prosperous farms, even on large commercial farms and the better family-size farms the ratio of adults working in the cities holds good.

Cabinet Post

Many of the political dopesters here say that the next secretary of agriculture, if Governor Dewey is elected, will be Congressman Clifford Hope of Kansas, chairman of the house agricultural committee. Probably standing head and shoulders above Congressman Hope as a statesman is Sen. George D. Aiken (Rep., Vt.), who will head the senate agricultural committee in the 81st congress, and who is author of the new long-range farm bill. But Senator Aiken is too independent and too liberal.

This column predicts the next secretary of agriculture, provided, of course, Dewey is the choice of the people, will be someone like Milton Eisenhower, president of Kansas State college and brother of Gen. Dwight Eisenhower.

Farm Co-ops Grow

Despite fights being made on farm co-ops by some politicians, membership in the past year has increased by 400,000 to 5,436,000 members according to the co-op research and service division of the farm credit administration. Business of the 10,125 co-ops increased 16 per cent to \$7,116,000,000 for the year. Sixty per cent of the business was in the 10 states of California, Minnesota, Illinois, Iowa, New York, Wisconsin, Ohio, Missouri, Indiana and Washington.

SCRIPTURE: Psalms 119:97-105; Luke 1:14; John 20:30-31; II Timothy 3:14-17. DEVOTIONAL READING: Psalms 119:137-144.

All-Time Best Seller

Lesson for October 3, 1948

IF ALL the Bibles sold in one year by one manufacturer, the American Bible society, were piled on top of one another, flat—not endwise—that pile of Bibles and testaments would be 26 miles high. In 1947 that firm put out the astonishing total of 9,310,439 Bibles, testaments or portions. During the first 125 years of the society's existence, 305,579,217

copies of Scripture were printed and sold by them, this would make one shelf 870 miles long.

The Bible is the best selling book in the world. No other book is in its class.

Not to know the Bible is not to know the most widely read book in the world. The American Bible society publishes it in only 167 languages, but parts of it have been translated into as many as 1,000 languages and dialects.

Many Authors SUCH popularity must be deserved. There are many reasons why the Bible continues to be, year after year, the all-time best seller. But one of the reasons is its impressive variety. It is not one book, it is a library of books. Whatever your mood, whatever your need, there is a page in the Bible, somewhere, for you.

A Christian will try seriously to appreciate the whole Bible and not merely one or two parts of it. Yet there is such variety in it that invariably some persons are attracted by one feature of it while another feature makes stronger appeal to others.

Our studies these next three months will be in "The Literature of the Bible" and each week we shall be noticing a different feature. This week we give a thought to the tremendous variety of the Bible, along with its underlying unity.

Many Types LOOKING through the Bible you find all varieties of literary types; you find poetry and prose; stories, essays, sermons, biographies, dramas; rhapsodies, love songs, funeral dirges and lullaby hymns.

Here are pages as prosaic as a telephone book and here are pages more exciting than any fiction. Here are simple, straightforward ideas that a child can understand as soon as he understands the words and here are mysteries so profound that the world's mightiest and boldest minds shrink back in awe.

The Bible is not like a piece of music played on one single instrument, like a tune on a piccolo; it is more like an immense symphony—the more often we listen to it, the more we hear in it.

Many Times NO ONE knows exactly how long it took for the Bible to be written. Let us suppose that the earliest parts came from the pen (or stylus) of Moses, and the latest part from about 100 years after Christ (John and the Revelation). If Moses flourished around 1200 B. C., that would mean that the Bible was completed 13 centuries after it was begun.

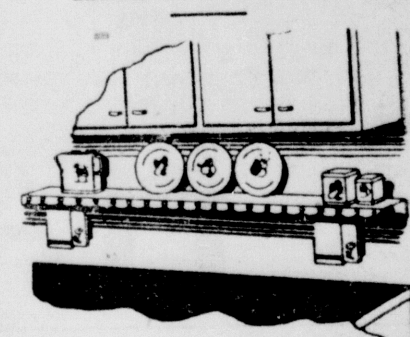

In 13 centuries much can happen, and much did. There is hardly any circumstance or crisis, there is scarcely any time, however humdrum or thrilling, which does not have its match in the Bible. Its writers were inspired men; they knew God. But they also knew the times in which they lived, and thus can speak to ours.

One Theme FOR all the vast variety of the Bible, there is in it a deep and lofty unity. It is bound together by its mighty purpose, which throbbed in the heart's blood of every man who wrote a line of it. That purpose is to make God real to man, and to bring man to God. The writers of the Bible may have had their lighter moments, but they did not write these pages then.

They wrote under the irresistible impulse, born of the Holy Spirit, to make plain to other men what God had revealed to them.

So as you come to the Bible, remember its purpose is not to make you admire or revere it as a book; its great purpose is to be transparent, a window through which you shall see God.

Practical Wood Shelf
Adds Decorative Note

THE Wedgwood narrow shelf illustrated above is designed for use over sink, stove or in the bathroom. On it you can keep the many small articles you're always taking extra steps to reach. It not only provides a handy and practical amount of extra shelf space but it also adds a decorative note to the room.

The full size pattern offered above is traced on the wood which the pattern specifies. Then saw and assemble. A really professional note is obtained by placing upholsterer's tacks on shelf where pattern indicates.

Send 25 cents for Wedgwood Shelf Pattern No. 4 to East-Bird Pattern Co., Dept. W, Pleasantville, N. Y.

ANOTHER?

A General Quiz

The Questions

1. How many permanent teeth does a man have?
2. What does an orthodontist do?
3. How much did the trial of former Premier Tojo and his aides cost?
4. What state and what cities in the U. S. were named the "safest in the nation?"
5. What state is known as the "Cracker state?"
6. What term is applied to a horse that has never won a race?
7. How much of the boundary between the United States and Canada is water?
8. What is the size of a pitcher's plate in baseball?
9. Which Biblical character freed his people with a slingshot?
10. Does a male or female heart beat faster?

The Answers

1. Thirty two.
2. He straightens teeth.
3. A record-breaking 20 million dollars.
4. Connecticut; Oklahoma City, Okla. and Wilmington, Del.
5. Georgia.
6. A maiden.
7. Close to three-fourths or almost 3,000 miles.
8. Twenty-four inches by six inches.
9. David.
10. The female heart, which beats an extra eight to ten times a minute, or some 300 million times more in a lifetime.

That Nagging
BackacheMay Warn of Disordered
Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feet constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

DOAN'S PILLS

FIRST AID to the AILING HOUSE

by Roger C. Whitman

QUESTION: We have just emptied the last gallon from our 50-gallon range-oil drum, and the drum seems to be full of rust. Is there any way to clean this out before we have it refilled?

ANSWER: I believe the lower inside part of the drum has probably corroded. If you do not wish to buy a new one, you might consider having the lower part cut out and a new piece welded on. After opening up the drum it can be cleaned out thoroughly before welding on the new piece.

QUESTION: I have a pair of wrought iron candlesticks. I have just removed a coat of shiny black enamel from them. Now what is the correct, dull black paint or finish to use on them?

ANSWER: First wipe with benzine to remove all traces of whatever kind of remover you used to take off the old finish. Be careful of fire when using benzine. Finish the pieces with a flat black paint intended for metal surfaces; the better stocked paint stores sell this paint.

AROUND THE HOUSE

On washdays wear an oilcloth apron made of an old tablecloth. This keeps you dry from neck to hem. If there is enough material, you can make a matching bag in which to carry clothespins.

Baked apples served a la mode make a party dessert. Put vanilla ice cream on a warm half of the baked apple.

When making jellies and preserves, keep a small saucer on the side of the stove to hold the spoon after stirring the mixture. If rested on the stove the stirrup frequently bakes to the stove and this hardened mass is difficult to remove.

Convenient storage place for playthings for the convalescent child is a fabric shoe bag which can be hung beside the bed. Crayons, pencils, scissors and paper fit easily into the shoe pockets.

Put a sponge in a bowl of left-over starch and let it absorb the starch. Then when you have a petticoat ruffle that needs a bit of starch, dampen the sponge and squeeze the sponge into water for sufficient starch.

If one key in an otherwise well-behaved piano suddenly refuses to play, don't send for the repairman. First, look inside the instrument to see if, as so often happens, some small object has fallen on the strings.

Farmers' Exports

Nearly all of the farmers who operate the more than 150,000 farms in Kansas grow one or more crops for export and benefit directly from foreign trade, according to a United States State Department report.

The report cites Cuba's importance as a purchaser of this country's farm and other products and comments that under the stimulus of the Reciprocal Trade Agreements program, Cuba's imports of wheat flour from the United States increased from \$2,935,000 in 1933 to \$5,383,000 in 1938, or about 83 per cent.

Developing films in the sink or bathtub is risky. Some of the chemicals may ruin the enamel surfaces.

Rugs can't take it. If floor boards are poor, never put rugs directly over them. Use a rug pad or put several newspapers between the floor and the rug.

The traveler can safeguard her luggage from damage caused by spilling or leaking cosmetics by sealing bottles and boxes shut with a strip of Scotch tape.

7 DAYS WILL DO IT

YES, in just 7 days... in one short week... a group of people who changed from their old dentifrices to Calox Tooth Powder averaged 38% brighter teeth by scientific test. Why not change to Calox yourself? Buy Calox today... so your teeth can start looking brighter tomorrow!

CALOX TOOTH POWDER

McKesson & Robbins Inc., Bridgeport, Conn.

POT-SHOTS FROM McCAULLEY

GEORGE DARDEN

A farwell party was given in the home of Mrs Rufus Herbst last Thursday honoring Mrs. Ann Jackson of Hamlin and formerly of McCaulley. Mrs. Jackson will move within a few days to Dallas where she will make her home. Mrs. Jackson who has been active in home demonstration work and in church circles will be missed not only by these organizations but by her neighbors who have known her through the years. Our best wishes goes with her to her new home.

College students home over the week-end were, Charley Lee, Patsy Maberry and Margaret Darden.

Although the McCaulley gin suffered a two day breakdown last week 179 bales had been ginned prior to Saturday night.

S E Miers left Friday for a 10 day visit with daughter and family. Mr and Mrs. Sim Reeves in Fort Stockton.

Visiting relatives in McCaulley and Hamlin last week-end were Mrs. Dan Maberry and W E Maberry of Lamesa.

Frank Maberry of Roby and formerly of McCaulley underwent surgery in an Abilene hospital last week.

Mr and Mrs. Howard Darden and son and daughter, from Lubbock, visited his brother, George, and family in McCaulley last week-end.

Marvin Milner has opened the McCaulley Cafe.

Several 4-H Club boys of this community will be guests of the West Texas Fair in Abilene Thursday of this week.

It's fall of the year in McCaulley. The hum of the gin and dollars changing hands remind us of the good old days.

Over 100 McCaulley students are enjoying the good meals served at the school lunch room this year and it is announced that all money received from the lunches will go into more and better lunches.

Mr. and Mrs. C D Jones and Beth motored over to Abilene Saturday to see McMurry College and East Texas Baptist College play football.

Letter Writing Week Set for October 17

National Letter Writing Week will be observed in the United States from October 17 to 23, it was announced this week by Perry Sparks, postmaster.

Purpose of the week is to encourage the writing of letters and the slogan adopted for the event is "Write Today and Make Someone Happy." Observance of the week in past years has resulted in the writing of millions of additional letters, Sparks said.

Mr and Mrs K C Short and daughter visited his sister and other relatives in Big Spring last week-end. Johnnie Max Jones, McMurry student, visited Sunday with his parents in McCaulley.

Mr and Mrs. George Maberry returned last Saturday from a visit in Marshall, Oklahoma, with Mr and Mrs Paul Beavers and family.

Tuxedo Boy's Jersey Won Prizes in Tyler

Winner of two prizes in the State Jersey Show, held in connection with the East Texas Fair at Tyler, a Jersey yearling owned by Elton Brigham of Tuxedo, will be entered in the National Dairy cow show in Columbus, Ohio.

Brigham's yearling was awarded second place in the junior division and was selected as one of the 10 best animals in Texas. The calf also won second place in the junior division, cow class.

Brigham will exhibit some hogs in the West Texas Fair and will enter Jerseys in the State Fair. He will make the trip to Columbus to show his yearling.

MOST OUTSTANDING YOUNG TEXAN—John Ben Shepperd, East Texas attorney and past president of the U. S. Junior Chamber of Commerce, has been voted Texas' most outstanding young man by the Young Democratic Clubs of Texas. Shepperd will be honored at a dinner in Fort Worth, September 13, preceding the State Democratic Convention. Governor Beauford Jester and other state officials and party officers will be honor guests of Texas Young Democrats.

Mr and Mrs C Elwood, Assembly of God evangelist from Tulsa, Oklahoma were visitors in Hamlin two days last week.

Dorm Is Given to H-SU as Tribute To J. C. Hunter

A tribute to the memory of the late Judge J. C. Hunter of Abilene, a girls' dormitory already completed on the campus of Hardin-Simmons University, is being paid for by members of the American petroleum industry.

The gift was announced last week by Dr. Rupert N. Richardson, president of H-SU.

Hunter, long a leader in American oil affairs, was a trustee of the university, and took an active interest in its welfare until his death, November 11, 1945. He was president of the Mid-Continent Oil & Gas Association.

The dormitory was completed recently with money borrowed from a bank, and the loan will be paid off by the gift.

The dormitory will be named Hunter Hall as a memorial to the late civic and church leader.

Dr. Richardson, in commenting on the gift, said, "Although our school has benefitted in numerous ways

Revenue Collections in Texas Take Jump

Federal revenue collections in Texas totaled \$83,333,485 in August, rising 15 per cent from a year earlier, the University of Texas Bureau of Business Research reported.

Employment taxes jumped 37 per

cent from August 1947; income, 14 per cent; and withholding, 14 per cent.

Collections in First District, South Texas, stepped up seven per cent from a year earlier. Employment taxes were up 18 per cent; withholding, 10 per cent; and income eight per cent.

Second District, North Texas, reported a 24 per cent gain from August 1947. Employment taxes increased 53 per cent; income, 29 per cent; and withholding, 19 per cent.

Mr and Mrs Clyde Angel and son Robert, visited Mr. Angel's parents in Cross Plains last week-end.

Pipers Will Meet Anson in Hamlin

Hamlin Trowned by Spur in Friday Game; Large Crowd Expected Tonight

Hamlin's Pied Pipers crumpled before the powerful attack of an inspired Spur football team last Friday night when the locals lost 28 to 6 on the Spur field.

The Spur team scored touchdowns in every quarter of the game and rolled up a total of 226 yards in rushing, and 96 yards in passing. They outplayed the Hamlin lads throughout the contest.

Tommy Aldredge ran eight yards for Spur to claim the first tally in the opening quarter of the game, and Melvin Lindsey shoved the ball across from the five yard line for a touchdown in the second.

Lindsey passed to Joe Simpson for four yards to gain the third tally.

Tickets for the Hamlin-Anson game are on sale in the Waggoner Drug Store and at the High School and school officials have requested grid fans to purchase tickets ahead of the game to avoid congestion at game time.

and a spectacular pass from Simpson to Reynolds for 70 yards was responsible for the fourth. Lindsey's toe accounted for the extra point in each of the four times.

Dee Young in the fourth quarter scored the lone touchdown for the Pipers.

The Pied Pipers this week were preparing for one of the hardest games of the season, when they will meet the Anson Tigers on the home field Friday night.

School officials believe the game will find a capacity crowd of fans from both towns in attendance.

While rated as underdogs in the contest Friday, Coach Jesse Burditt said his team is in good condition to meet the invaders, and that the boys are going in to give everything they have for Hamlin.

Anson last week took its second win of the season when the Tigers defeated Colorado City 27-7 in a game at Anson. The Tigers held the lead all the way in the game.

Starting lineup for Hamlin will

probably be the same as that for the Spur tussle.

Standings of the teams in both the East and West halves of District 6-A are given below:

District 6-A Team Standings				
(West)				
Team	W	L	T	Pct.
Rotan	2	1	0	.750
Hamlin	1	1	1	.500
Merkel	1	1	0	.500
Roscoe	1	1	1	.500
Colorado C.	1	2	0	.333
Snyder	0	2	0	.000
(East)				
Team	W	L	T	Pct.
Albany	3	0	0	1.000
Haskell	3	0	0	1.000
Throckmorton	1	0	1	.750
Anson	2	1	0	.666
Stamford	0	3	0	.000
Munday	0	3	0	.000

(Based on all games played.)

Last Friday's Results.

Albany 13, Ranger 7.
Haskell 58, Rule 0.
Throckmorton 12, Munday 0.
Anson 27, Colorado City 7.
Stamford 7, Rotan 48.
Hamlin 6, Spur 28.
Merkel 38, Lorraine 6.
Roscoe 6, Littlefield 6.
Snyder (Open).

Friday's Games.

Stamford at Colorado City.
Haskell at Albany.
Anson at Hamlin.
Rule at Munday.
Throckmorton at Coleman.
Snyder at Rotan.

Gospel Meeting Is Set For Church of Christ

A 12-day gospel meeting will open in the Hamlin Church of Christ Wednesday, October 20, it has been announced by J. Cleo Scott, minister of the local congregation.

E. R. Harper of Abilene, widely known evangelist, will conduct the services and Milton Fletcher will have charge of the song services. The meeting will continue until October 31, Mr. Scott said.

Pictured in front of the scoreboard in the Hamlin football field are the co-captains of the 1948 Pied Pipers. Left is Seth Adams, 160-pound tackle, and Joe Ford, 128-pound halfback. The two leaders of the Pipers have played outstanding football in the games the Pipers have played this season.

Three Posts Join In Ritual Monday

Division Commander to Be Speaker In Installation Program in City

With J. R. Gleaton of Stamford, Fifth Division Commander of the American Legion, as the principal speaker, Legion posts and their auxiliaries of Hamlin, Stamford and Anson will have an installation ritual in the Hamlin City Park Monday evening.

The program will be given in the Veterans Memorial building in the park, according to Joe Culbertson, who has been reelected commander of the Hamlin post.

Refreshments will be served to Legion and Auxiliary members and their guests during the evening's entertainment, and several brief talks from visitors will be made.

Scores of Legionnaires and their wives and families are expected from Stamford and Anson for the ceremony, and local Legion officials are urging all members of the Hamlin post to be in attendance.

Officers to be installed in the Hamlin Legion are Culbertson, commander; Fred C. Smith, first vice commander; William Elgar Duncan, second vice commander; Fred Carpenter, third vice commander; Brad Rowland Sr., adjutant; Glenn Williams, historian; Arlie Cassle, service officer; J. C. Turner, child welfare chairman and T. W. Havens, sergeant at arms. A chaplain for the post will be elected later.

Officers of the Hamlin Auxiliary to be installed are: Mrs. Gilbert W. Bowman, president; Mrs. Vera Nobles, secretary; Mrs. Ross Fomy, treasurer; Mrs. Valera Hudson, historian, and Mrs. James E. Simmons, reporter.

The office of vice president has not yet been filled.

Lists of officers for the Stamford and Anson posts were not available.

JOE CULBERTSON

Hamlin Gins Process More Than 200 Bales

More than 200 bales of cotton had been ginned in Hamlin prior to Thursday, a check of the two ginning firms revealed.

The Producers Gin led with 175 bales and the Farmers Co-operative Gin, which began operations only Monday of this week, had processed 51 bales.

The exuberant drought during the past few weeks is expected to cut the cotton crop in the Hamlin area by hundreds of bales. Some cotton estimate the total crop for the year at not more than 3,000 bales.

Rotarians Get Report On Pope Vacation Trip

A detailed report of the extensive vacation trip taken during the past month by Mr. and Mrs. Bowen Pope was given at the Wednesday noon meeting of the Hamlin Rotary Club.

Pope, who returned to Hamlin last Friday, told of visiting in Winnipeg, Canada, and of the trip home by way of Little Rock, Arkansas, and Texarkana.

The club elected Orval T. Kelley, personnel manager of the Ceotex Company, to membership.

Pope Defends Hospital Setup; Urges Meeting

Former Manager of Hospital Says Receivership Would Be a Mistake

Decker Well Has Show; Drilling Ahead on Bryant

A showing of what is believed to be paying oil production was reached on the No. 2 Decker, test well being drilled by the Hall Drilling Company in the northeast quarter of section 80, west of Hamlin, Sunday.

Circulation was lost in the well and the crew was trying to regain it to complete the test. No estimate of the amount of oil it will produce had been made.

Meanwhile the Dr. Bryant No. 4, put down as an offset to the Bryant No. 3, was drilling ahead and had reached a depth of 3,200 feet Wednesday.

Other oil activity in the Hamlin field was routine this week, observers said.

Jones County Has 2,328 Registered In Service Draft

Falling far short of the anticipated 3,600 expected to register for the peacetime Selective Service, a total of only 2,328 young men had signed up for the draft when the registration period ended, according to Mrs. A. A. Dunwoody of Anson, secretary for the board.

Classification of registrants who have returned questionnaires was expected to get underway early this week when members of the Jones-Haskell-Shackelford board met.

Questionnaires have been mailed to most of the single men born in 1922, 1923, 1924 and 1925, Mrs. Dunwoody said. Many questionnaires have been returned to the board, and questionnaires were being prepared last week to mail to the remainder of the 2,328 youths.

No quotas for the county had been received early this week and no instructions had been issued on the induction schedule. First calls are expected in November.

Bowen Pope, until August 31 manager of the Hamlin Memorial Hospital, came out this week in defense of the original setup of the institution, when he issued a statement to the public in a paid advertisement in The Hamlin Herald.

Pope, who was one of originators of the idea for a hospital here as a memorial to servicemen, was one of the leaders in getting the required number of supporters for the institution. For the past month Pope has been out of Hamlin on a vacation.

Pope resigned shortly after a meeting of stockholders was held in Hamlin High School auditorium on August 26. It was at this meeting that a group of nine directors were elected. The men, chosen at the time, refused to accept the responsibility.

A second meeting was held in the High School Auditorium Sunday afternoon, September 5, when Starr Inzer, prominent business and civic leader, was asked to take over the acting management of the hospital pending reorganization.

The movement for receivership originated when attorneys consulted by members, told them it would be the most practical manner of getting affairs of the institution on a sound business basis. The plan was to sell the hospital to one or more doctors, who would operate it as a private institution.

This week petitions were being circulated throughout the Hamlin area seeking signatures of stockholders, who were asked to indicate their sentiments on the future of the hospital.

A petition asking that the hospital be sold to some doctor or group of doctors, had obtained by far the larger number of signers. A second petition, carried by the same men, asked that the hospital continue to be run as it has in the past. Only a few names appeared on this petition.

Pope expressed his keen disappointment at the turn of events since he left Hamlin, and said in his statement to The Herald that he believes the hospital can be made to operate profitably under its original plan.

"There are no grounds for re-

ceivership," Pope stated. "It would scuttle the hospital if it should be sold. I am opposed to any step that would take the hospital out of the hands of those who have confidently put their hard earned money into the hospital, with the understanding that it shall always remain as a democratic owned and controlled property."

Pope said that a meeting will be called soon, in which stockholders will be given the opportunity to express their preference. He did not indicate the date of the meeting.

In addition to defending the management of the hospital, Pope also denied that the institution is in precarious financial condition. He said the operating income of the hospital is ample to meet existing bills and that rental paid by the two doctors at the institution will take care of payments in the installment note.

In the meantime movement for filling suit asking for appointment of a receiver had halted because of the serious illness of Starr Inzer, who suffered a severe heart attack Tuesday night and has been ordered by his physician to take complete rest for an indefinite period.

In the meantime the hospital will continue to function as an institution, and will take care of the medical needs of patients, it was announced Wednesday.

INZER IS ILL

Starr Inzer, prominent business and civic leader of Hamlin, is seriously ill in the family home this week following a heart attack he suffered Tuesday evening. Inzer's condition Thursday morning was reported to be "some better," but his doctor ordered "complete rest and no excitement." The doctor requested that friends of Inzer not come to visit him until his condition is further improved.

Armstrong Takes Over Station Management

Roland Armstrong, who for the past 18 months has been employed in a service station in Hamlin, became manager of the Humble service station at the Irwin Motor Company, last Thursday.

Armstrong purchased the interest of John Irwin, who had managed the station for the past few months. Mr. and Mrs. Irwin left Friday for Junction, Colorado, where they will make their home.

Lions Hear Musical Program in Meeting

A musical program was presented at the Tuesday noon meeting of the Hamlin Lions Club, with Miss Elaine Jones as vocal soloist. Mrs. Baker played accompaniment for three selections.

Several business matters came up for discussion by the club members.

MOVES HOME HERE

Mr. and Mrs. Buren Carlton, until recently residents of the Carlton community, have moved their farm house into Hamlin and are making their home here. They bought a lot immediately north of the Pat Collins house.

Mighty Mice Took Merkel in First Game of Season; Face Will Stamford

Hamlin's Mighty Mice, emulating their namesake, ran over the Merkel junior football team in the first game of the season in Hamlin Park last Thursday night. The score was 24 to 4.

The fighting spirit of the young players came to the surface after Merkel took the first tally, early in the first quarter.

In the last part of the second quarter Butler received a punt from Merkel and ran 40 yards for a touchdown. At the half the teams were tied 6-6.

Hamlin took the ball at the kickoff and kept possession of it until Butler scampered 20 yards for the second touchdown for the home team. Butler was also responsible for carrying across the third tally, and Troyce Hargrove, left half back, scored in the fourth with an end run.

All attempts at conversion failed.

The Mighty Mice were girding this week for a tough tussle with the Stamford junior team at Stamford, Thursday night. The Stamford players defeated Anson juniors last week 32 to 6, and is considered one of the hardest playing aggregations in the area.

Starting lineup for the Mighty Mice will be the same as in the Merkel game.

Coach John Howell of the Mighty Mice said Thursday that his boys are ready for the battle and are going in with confidence.

IN CALLAN HOSPITAL

Five Hamlin people received treatment in the Callan Hospital in Rotan last week. They are: Mrs. J. O. Hall, Mrs. R. J. Armstrong, Virginia Lee Colclazer, E. L. Carnes and Santana Contercos.

Pictured above are members of the Mighty Mice, Hamlin's powerful little junior football squad, which opened the season by beating Merkel 28 to 6 here Thursday evening. Members as shown are, front row, left to right: Bobby Green, Dwain Rogers, Thomas Newland, Robert Angel, Joe Ray Rosenbaum, I. R. Rhoton, Charles Early, Joe Don Hymer, Donnie Holloway, James Eddie Jay, Wayne Farmer. Second row, left to right: Billy Ray Barnett, Don Crowley, Jack Wright, Dan Johnson, Milton Butler, Marvin Johnson, Gerald Elders, Kevon Rogers, Don Kelly, Joe Vic White, Richard Powell. Third row, left to right: coach John Howell, Bill Ray Jerry Seymour, Troyce Hargrove, Robert Fletcher, Loyce Hargrove, Clark Hewitt, Donald Armstrong, Guy Weaver, Melvin Carden, Donald Strain and Lee Maberry.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

A Law That Impels

There can be no constitutional law in the United States which would compel an individual to have social intercourse with another individual. Such a law would be an infringement upon the rights of the one compelled.

Neither can any constitutional law be enacted to force an employer to hire any given individual, or to choose his employees from any particular group. That, plainly, would be an abridgement of the right of free choice of the employer.

Nor can any law—whether constitutional or not—be effective that seeks to stamp out festering racial hatreds and to compel men to refrain from mob violence when their passions have been stirred to the point of insanity. Mobs are not reasoning bodies and they would violate such a law whenever the mob hysteria seized upon the hate-filled hearts of a given group.

It is futile to attempt to force respect for mankind and respect for law upon the unwilling.

Thus it would appear that the announced objective of both the Democratic and Republican parties—an objective echoed in demagogic refrain by Wallace and his Communist cohorts—is impossible to attain. It would appear that in America, historically the haven of the oppressed, that basic rights must continue to be denied to some of its citizens.

But there is nothing wrong with the stated objectives of both the Democratic and Republican parties. The goal they seek to attain is a worthy one and deserving of full support. Only the methods they would employ are subject to criticism. It is not possible to force right attitudes upon any person. Attitudes must spring from within.

While no advocate of racial segregation—even the most bitter—can successfully argue that Negroes and Mexicans and other minority groups in America are accorded full and free opportunities, yet it is a contradiction of the Bill of Rights itself to attempt to spread freedom to one group by taking it from another.

As an individual you have the right to select your companions. If you prefer to associate only with men who wear silk ties and monocles, that is no concern at all of the government, nor of professional dogooders. It is your privilege to choose those with whom you associate. But, in making your choice, if you violate the rights of any other person or group, that becomes a violation of the principles of

Americanism and democracy, and even of Christianity.

Despite the fact that any inflexible law passed to correct these evils would be unworkable, and would result only in bloodshed and riots, the solution to the racial problem is not impossible to attain. It is not even difficult.

Instead of a law that would compel men to associate with those whom they would avoid, we need an application of a more ancient law—one that would impel rather than compel. Obedience to that law would inspire proper treatment of all people and would protect the rights of every individual.

A long time ago a humble man walked the shores of Galilee and proclaimed "As ye would that men should do unto you, do ye even so unto them." And that is the basis for all civil and social fairness.

Instead of a campaign that will stir up sectional strife and engender racial hatreds, America needs a nation-wide campaign to cause people in all sections to examine their own attitudes and divest themselves of all traces of hatred they find within. It is not in accord with Christian principles to let hatred control the heart. Nor can the acts of racial discrimination be in keeping with the teachings of Jesus.

Whenever Christian men and women come to accept without reservation the teaching of the Master in their dealings with their fellowmen, the problems of racial strife will melt away and America will know internal peace.

Whenever we come to accept the Divine fact that "God hath made of all nations one blood for to dwell upon the face of the earth," then will our Bill of Rights have attained full meaning and America will have reached its goal of "liberty and justice for all."

Camp Fire Girls in Fremont, Ohio, sent Christmas packages to 91 children in 12 different countries last year. This year, together with Camp Fire Girls across the nation, they will "Send Santa Overseas" by filling special Christmas stockings for children in almost every country in the world. "Be Friendly—Make Friends—Join the Camp Fire Girls."

The progenitor of the Lee Swiss Straw hat was introduced in England in 1779 by Admiral Nelson, who made it the summer uniform hat for his crew.

Are YOU Going Thru
CHANGE of LIFE?

causing you to suffer from
HOT FLUSHES?

Does the functional "middle-age" period peculiar to women (38-52 yrs.) make you suffer from hot flushes, feel so nervous, high-strung, irritable, weak? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous for this! Taken regularly—Pinkham's Compound helps build up resistance against such "middle-age" distress. It's what Doctors call a uterine sedative. It positively contains no opiates—no habit-forming drugs. Pinkham's Compound helps nature (you know what we mean). It's also a great stomachic tonic! Any drugstore.

American News Features, Inc.

Texas Coll. With Acute Shortage of Trained Teachers, STA Says

and universities are Texas a small portion as there is a demand man in the total crop for the men state's public schools. Students found extreme in many instances in fill- candies with college-trained teachers, the Texas State Teachers Association announced here Satur- after making a survey of 13 institutions in the state which train teachers.

Requests for teachers made to teachers colleges, denominational and other colleges for the present school year totaled 12,727. Only 1,068 placements were possible, according to Charles H. Tennyson, public relations director of the Teachers Association.

"The teaching profession must, in some way, be made more attractive or our school systems will suffer even more than they now suffer," Tennyson said.

"It is quite likely members of the profession could help by 'selling' their students upon the desirability of teaching as a life work and of the opportunity to serve.

"There are many persons, however, who would like to be of service as a teacher who cannot because of economic conditions. We appreciate the additional pay given our teachers by the last legislature. I believe the next legislature, knowing living conditions now, will grant additional revenue."

The Texas schools have a

shortage of more than 11,000 qualified teachers this year.

The greatest demand is in the grade schools.

"In 25 years in this work I have seen nothing like the present situation," E. H. Farrington, director of the teacher placement bureau, of North Texas State Teachers College, Denton, said Saturday.

"Elementary teachers are the most scarce," he declared. "The situation is not as critical in high school classrooms except in sciences, physical education, English, music, mathematics and coaching."

Other states are luring graduates of Texas colleges with higher pay, Farrington pointed out.

"New Mexico is an excellent example," he said. "That small state with a minimum of \$2,649 for teachers, as compared with \$2,000 for those with bachelor's degrees in Texas, is making big inroads upon our teachers, both the newly qualified and experienced instructor."

"Sam Houston State Teachers College had the largest demand for teachers this year. It could have placed a few more than 4,000 but had only 120 available.

Southwest Teachers was called upon for 3,000 and supplied 230. Baylor University could have placed 971, but had only 113 available. Southern Methodist was asked for 602 and provided 36. Texas Tech could have placed 814 but had only 87. Texas State College placed 160, but had a demand for 1,517.

STORY WAS RIGHT— BUT FIGURES WRONG

The story was factual. . the facts were correct—but the figures were wrong.

That's the only explanation that seemed logical at the moment for an error that crept into the story last week about the fire department

The Herald said the department had set a record of more than 40 days, and gave the date of the last fire as August 10. The correct date was August 5, and it had been more than 50 days without a conflagration.

In fact, at the time this is being written the fire department has not had a flame to fight for 54 days.

CALLED FOR JURY.

Roy Hartgraves, Hamlin merchant went to Anson Tuesday, where he was summoned for duty on a jury in district court.

Mrs M P May is a guest of Mr and Mrs V W Day in Garman, this week.

Mr. and Mrs Bowen Pope have returned to their home in Hamlin after spending a month visiting relatives in east Texas and in Ardmore, Oklahoma.

Mr and Mrs Everett Townley spent the first part of the week in Fort Smith, Arkansas, where they were guests of relatives.

Funeral Services for Turner Infant Monday

Funeral rites for Janice Ruth Turner, infant daughter of Mr and Mrs D J Turner Jr, were conducted in the Barrow Funeral Home Monday morning at 10:30. J. Cleo Scott, minister of the Church of Christ was in charge.

Janice Ruth was born dead at 4:30 Sunday afternoon. She is survived by her parents and a brother, Mike, of the home.

Burial was in the North Cemetery.

Mrs Wayland Fuquay is in the Stamford hospital for medical treatment this week.

Mr and Mrs W M Rose have returned to their home from a vacation spent in the lake region of Minnesota.

Can Black-Draught Help An Upset Stomach?

Yes, Black-Draught may help an upset stomach if the only reason you have an upset stomach is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental haziness, bad breath—and if these symptoms are due only to constipation—then see what Black-Draught may do for you. Get a package today.

Hamlin Memorial Hos. News Notes

OF INTEREST TO WOMEN

Miss Bettie Gene Hines Is Bride of Wainscott

Bettie Gene Hines and Wayne Wainscott exchanged marriage vows Friday afternoon, September 24 at five o'clock. The Rev. J. C. Grimes read the wedding ceremony in his home in Waco. The bride is the daughter of Mr. and Mrs. L. E. Hines of Waco and the groom is the son of Mr. and Mrs. George Wainscott of Hamlin.

The bride was attended by Miss Bobbie Jean Brown and Billy Jack Dillard served as best man.

The bride wore a smoke gray bolero suit dress with a white blouse and black accessories. Her corsage was white gladiolus.

Something of something old, something new, something borrowed and something blue with a penny in her shoe was carried out. For something borrowed she wore the pearl and gold earrings belonging to her aunt, Mrs. Sherman Moulton of Waco. For something old she wore her mother's pearl engagement ring, which is 28 years old.

Mrs. Brown wore a light gray dress with black accessories and a corsage of pink carnations.

A buffet supper was served following the ceremony, in the home

Modern Diana Club Have Levi Coke Party

Plans for a Levi coke party in the Hamlin City Park were made by members of the Modern Diana Club in the first meeting of the year for the club last Wednesday. The meeting was held in the home of Mrs. Clara Harvey, sponsor.

Winnie Faye Hassen, president, was in charge of the meeting, and Bonnie Black, secretary, read the by-laws.

New members present were: James Hassen, Marjorie Steed, Elaine Jones, Jo Hargrove, Mary Carter and Francis Jenkins.

Mrs. Euell Carter was elected a co-sponsor. Cherry divinity candy

of the bride's parents.

The lace-covered table was centered by a three-tiered wedding cake, decorated in pink and green with a miniature bride and groom.

The guests were Mr. and Mrs. George Wainscott, Peggy, Mary and Jimmie Wainscott, Gay and Nathan Stevens, Bobbie Brown, Jack Dillard and Solomon Johnson. After a short wedding trip the couple will live on the groom's farm, near Tuxedo. Both are graduates of Hamlin High School.

Comrades Class Names Officers in Meeting

Officers and committee members to serve for the coming year were appointed in a meeting of the executive committee of the Comrades Class of the First Methodist Church in the Book Shop Tuesday morning.

Mrs. E. M. Wilson was named president, and Mrs. Holly Toler was selected as assistant teacher.

Mrs. John C. Bryant was elected president, and other officers are Mrs. John Kent Jones, vice president; Mrs. Kenneth Parker, secretary-treasurer; Mrs. Valeria Hudson, assistant secretary-treasurer; and Mrs. Albert Chandler, reporter.

Committees appointed and their members were: Mrs. Albert Chandler, chairman, Mrs. John D. Ferguson, Mrs. Don Hymmer, Mrs. Ava Hudson, Mrs. Mildred Kirshner, Mrs. Walter Sanders, Mrs. N. B. White and Mrs. O. T. Kelley, membership committee.

Mrs. Lewis Madden, chairman, Mrs. Jap Kemp, Mrs. Don Gould, Mrs. Bennie Ford, Mrs. Pat Marlow, Mrs. Jess Garrett, Mrs. Clyde Huff and Mrs. Ruth Rector, absentee committee.

Mrs. W. L. Hunter Jr., chairman, Mrs. Billy Fumby, Mrs. Harold Bostick, Mrs. Hilon Fields, Mrs. Homer Raney, Mrs. J. B. Daniel, Mrs. Art Newcomb and Miss Matilda Cummings, fellowship committee.

Mrs. Riley Foster, chairman, Mrs. Faye Slice, Mrs. Gordon Sproles, Mrs. E. M. Hames, Mrs. Byron O. Bell, Mrs. Wayland Puqua and Mrs. Herbert Bernstausen, class minister My committee.

President Coolidge commuted the federal sentence of Gerald Chapman so that he might be hanged for a state offense.

was served.

Present for the meeting were: Winnie Faye Hassen, Bonnie Black, Margaret Ryan and the new members.

Foursquare Mission Group Met in Park

Members of the Home Missionary Society of the Foursquare Church of Hamlin, were entertained Monday afternoon in the City Park with Mrs. H. C. Hewitt, of Stamford as hostess.

Gifts were exchanged and new names were drawn for Secret Pals. Next revealing day will be October 25.

Refreshments were served to: Mrs. Zada Garrett, Mrs. Hattie Harwick, Mrs. Lina Scott, Mrs. Susie Tabb, Mrs. Jessie Kelly, Mrs. Francis Scott, Mrs. Zudy Hayes, Mrs. Ben Hale, Mrs. Dorothy Jones, Mrs. H. C. Hewitt, and Mrs. Leona Hudson and children, Sharon Lee and David.

The next meeting of the circle will be in the home of Mrs. Zada Garrett, October 4.

LETTERS TO THE EDITOR

(The Hamlin Herald is glad to publish letters from readers on any subject, and will print them without deletion provided they do not violate laws of libel and rules of good taste. The opinions expressed in letters published here are not necessarily those of the paper.)

To the Editor:

Congratulations to the Hamlin Memorial Hospital on the good work the doctors and nurses are doing.

I was a patient in the hospital for eight days and received the best of care day and night. Our daughter, Judy Kay, is in the hospital now, recovering from an operation. She is also receiving the best of care. We have had members of our family in Baylor Hospital, also St. Paul Hospital in Dallas and St. Joseph Hospital in Houston, and they did not get any better medical attention than we have received in this

Boy, Is He Stuck Now?

With bowed shoulders Homer Smith entered his house. His dragging feet scuffed their way through the front hall and into the kitchen where his wife was preparing the evening meal.

The smile faded from Mrs. Smith's face as she noted the woe-begone appearance of her better half.

"Homer!" she cried.

Slumping into a chair, Homer Smith stared ahead with dead eyes.

"Tell me, darling," pleaded his wife.

"The worst," he said dully.

"What happened?"

"No!" cried Mrs. Smith, agitated.

"Yes," said Homer. "This afternoon before quitting time the boss called me in and gave me the business."

And it's our opinion that if the newspapers stop printing auto maps showing the best roads to various places, these construction gangs

Cotton Prices in Texas Hold Firm Above Government Loan; Demand Weak

More trading in spot cotton at Southwest markets last week paralleled the increased activity at all terminals, the Production and Marketing Administration, United States Department of Agriculture, reports.

Sales at Dallas, Houston and Galveston ran 40 per cent ahead of those of the previous week to reach 57,685 bales. Nation's 10 spot markets, including those in Texas, sold 215,800 bales last week, 28 per cent more than the previous week, but less than a year ago.

Domestic mills made more inquiries for Southwest cotton and the volume of forward sales increased. Demand for prompt and near month deliveries was fair, but for small amounts. Shippers wanted mostly strict low middling and better ranging in staple length 7-8 inch through 1-1-32 inch.

Farmers in some sections continued to offer cotton more freely as prices remained above government loan values. During the past week, prices of middling 1516 inch cotton hovered around 31.10 to 31.20 cents per pound at Dallas, Houston, Galveston and New Orleans. Only Little Rock prices dropped below 31 cents, but held about steady between

30.85 and 30.95 cents per pound. Since mid-September prices have declined about a dollar per bale. Spot prices stood around 30.80 cents per pound at this time last year.

Cotton ginned in Texas through September 15 was higher in grade but shorter in staple than last year during the same period. In Oklahoma the cotton was lower in grade but longer in staple.

Texas cottonseed prices went up \$3.50 per ton and averaged \$72 at the gin. Oklahoma farmers received an average wagon lot price of \$67.90 per ton.

NO FIRE—JUST VISIT BY BOY—UNANNOUNCED

It wasn't a fire late Monday afternoon that set the fire alarm to waiting and caused volunteer firemen to go dashing madly down the street seeking the scene of conflagration.

The fire department was called out to help find a boy—a boy who wasn't lost at all, but had only gone visiting—unannounced.

Claude B. Chastain Jr., son of Dr. and Mrs. Claude B. Chastain, had gone to the home of Miss May James, nearby, for a friendly chat. When his parents missed him and couldn't locate the child anywhere near, they asked for help from the firemen.

The child, when discovered, told his parents that he had asked his aunt, Mrs. Perry Sparks, if he could go see Miss James. But Mrs. Sparks had not understood the question to which she assented.

Mickey McGuire, fire chief, said the department is glad to be of assistance at any time when an emergency arises, and invited people to call on it for help.

TCU to Honor Three Religious, Civic Leaders

TO CELEBRATE its 75th anniversary Sept. 20th, Texas Christian University will hold a diamond jubilee convocation at which honorary Doctor of Laws degrees will be presented to three outstanding religious and civic leaders. A Christian Church school, TCU will mark its anniversary by presenting its first honorary degree to a Jewish leader—Henry Cohen, left above, Rabbi of the Temple B'nai Israel, Galveston. The other two recipients will be Dr. Charles H. Harris, center, eminent Fort Worth physician and founder of the Harris Memorial Hospital and of TCU's Harris College of Nursing; and Oron E. Scott, prominent St. Louis businessman and outstanding laymen's leader in the Christian Church.

IN ROBY HOSPITAL

Edgar Harris of Sylvester underwent medical treatment in the Roby Hospital last week.

Mr. and Mrs. A. T. Thomas spent Sunday in Abilene as guests of friends.

Mr. and Mrs. Arice Jones of Cleburne were guests of Mrs. Maurice Jones of Nelinda this week.

Mr. and Mrs. C. C. Prather were called home from N. trees, where they were visiting Mr. and Mrs. Charles Prather, because of the serious illness of Mrs. Prather's sister, Mrs. W. H. Stephens of Abilene.

Our Policy on PONTIAC Deliveries and Prices

Despite the fact that Pontiac has built over a half-million cars since the resumption of production after the war, demand still exceeds supply. In the face of this production record, those who place orders now will still experience some delay in delivery. If you

are among the many people who feel that Pontiac represents an outstanding value—and wish to order a Pontiac for future delivery—you will be interested in the following policy on retail distribution which we, as Pontiac dealers, will observe:

ORDERS FILLED BY PRIORITY

A definite proportion of the cars we receive from the factory is set aside for preferential delivery to users whose work is in the public welfare and to others with certain occupational requirements. Otherwise, all orders will be filled on the basis of the time when they are received.

YOU SPECIFY ACCESSORIES

While most of our customers order their cars equipped with accessories, we do not force accessories as a condition of sale. You specify what accessories you want when ordering your car, and these are the ones (and the only ones) it will carry when delivered. Some items may be lacking due to current shortages; but none will be added.

REGARDING TRADE-INS

Naturally, if you have a car to trade, we would like to have it in order to take care of our regular used car customers. Our appraisals are fair, based on current conditions. But if you do not have a car to turn in, we still want your order and will accept it for delivery based on the conditions outlined above.

WE WANT YOUR ORDER

And the sooner you place it, the sooner you will get delivery. So if you want a Pontiac, order it now.

WE WILL ESTIMATE DELIVERY DATE

Due to conditions beyond our control, we cannot give you an exact date of delivery. But based on anticipated future shipments from the factory, we will, when you place your order, give you an honest estimate of when you may expect your car. Such estimates will be reviewed any time on request.

YOU PAY ONLY OUR ADVERTISED PRICE

Due to changing economic conditions, we cannot, when you place your order, tell you exactly how much the car will cost when delivered in the future. But, at the time of delivery you will be charged only our advertised price on your model—which will be shown in a published list of local prices.

Since this is our "home town", our business and its future is based on our good relations with the people of this community. We are most happy that so many people here—as all over the country—have made Pontiac their number one choice as a new car.

Nothing pleases us more than to turn over the keys of a new Pontiac to one of the many people whose orders we have, because we know they have chosen well—for Pontiac is always a thoroughly good car, and a thoroughly good value, this year, next year, any year.

Vets Given Free Tuition in State Universities

Veterans, who have exhausted their eligibility for schooling under the GI Bill of Rights, are entitled to free tuition at any tax-supported college or university in Texas, Attorney General Price Daniel said this week.

Daniel made the ruling after a study of the law in answer to questions submitted to him by veterans.

The free tuition in state schools is provided under Section 4, Article 2564-1, Texas Civil Statutes, Daniel said.

In addition to free schooling there is no limit to the amount of time needed by the veteran to complete his education without having to

County Valuation Is Up More Than Million

More than \$1,000,000 has been added to the Jones County valuation for the taxable year of 1948, Elzy Bennett, tax assessor-collector, reported this week.

The valuation for 1948 is \$18,402,410, as compared to \$17,365,080 for 1947.

Bennett said the total amount of taxes on the 1948 roll is \$238,230.22, including state, county, road and common schools. State taxes were set at \$61,889.30, while taxes for county purposes are \$177,775.60.

pay tuition, Daniel said.

Also, he continued, a veteran may get part of his education in one school under the free tuition provision, and then transfer to another school to continue his studies.

Katy Carloadings Up In Trend for Week

Carloadings on the Katy railroad took a sharp upward trend for the week ending September 18, over the same period of last year, a report issued this week revealed.

For the 1948 period total carload-

5,571 for the 1947 period. Loadings for the year to date, however, were down slightly. Last year prior to September 18, the railroad had loaded 206,222 cars while this year only 205,282 were loaded for the same period.

Mrs. J. A. Jackson moved to Dallas this week to make her home.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a
marvelous job. Their task is to keep the
flowing blood stream free of an excess of
toxic impurities. The act of living—its
tasks—is constantly producing waste
matter the kidneys must remove from
the blood if good health is to endure.
When the kidneys fail to function as
Nature intended, there is retention of
waste that may cause body-wide dis-
tress. One may suffer nagging backache,
persistent headache, attacks of dizziness,
getting up nights, swelling, puffiness
under the eyes—feel tired, nervous, all
work out.
Frequent, scanty or burning passages
are sometimes further evidence of kid-
ney or bladder disturbance.
The recognized and proper treatment
is a diuretic medicine to help the kidneys
get rid of excess poisonous body waste.
Use **Doan's Pills**. They have had more
than forty years of public approval. Are
endorsed the country over. **Inalienable**
Doan's. Sold at all drug stores.

Branscum Rites Were Conducted Last Thursday

Funeral services for C. R. Branscum, 57, were conducted in the First Baptist Church in Hamlin last Thursday at 2:30 p. m. Branscum died in the Callan Hospital in Rotan Wednesday evening, September 22.

Branscum, who had served as Hamlin night watchman until illness forced him to retire from the job, was suffering from leukemia, a blood disease.

Final rites were in charge of Rev. A. R. Posey, pastor of the Hamlin First Baptist Church, Rev. D. G. Reid of Abilene and Rev. O. F. Brown of Rotan.

A resident of Hamlin for many years, Mr. Branscum had been well known throughout this area.

Burial was in the East Cemetery, directed by the Barrow Funeral Home.

Branscum is survived by his mother, Mrs. Sallie Branscum of Hamlin, five sisters, Mrs. Jim Rose, Mrs. Maye Richardson, Mrs. Bailey

Rites in Hamlin On Thursday for L. H. Pritchard

Funeral services for Luther H. Pritchard were conducted in the Hamlin Church of Christ at 4:30 p. m. last Thursday with J. Cleo Scott, local minister, in charge.

Pritchard died in his family home in Rotan at 7:00 p. m. Wednesday, September 22. His death was unexpected.

A former resident of Hamlin, Pritchard was engaged in the trucking business in Rotan. He had spent the day working and was sitting on the porch of his home when he suffered a sudden heart attack.

Carried into the house by his son, Billy, 21, Pritchard died within a short time. An autopsy was performed after Sheriff R. L. Wilkins, Chief of Police O. B. Williams and

Meeks and Mrs. Albert George, all of Hamlin; and three brothers, Wilson Branscum of Delevan, Illinois, U. S. Branscum of Roby and A. Branscum of Rotan.

Night Watchman Lewis Clark were called to the home to investigate the death.

Pritchard, who was 43 years of age at his death, had been a resident of Hamlin for years until he moved to Rotan several months ago. He was well known in the Hamlin area.

Burial was in the East Cemetery, directed by the Barrow Funeral Home.

Survivors are his widow, Hazel Pritchard, a son, Billy Ray, 21, and a daughter, Dorothy Fay, 19; the mother, Mrs. W. J. Pritchard of Anton; four brothers, Tom Pritchard, Hamlin, Wiley Pritchard Jr., Lubbock, and Vivian and Reece Pritchard, both of Anton; six sisters, Mrs. Chester Gray, Port Worth, Mrs. Bertha Evans, Lubbock, Mrs. Dorothy Bevels, Lubbock, Mrs. Naomi Simmons, Hughes Springs, Mrs. Ola Maberry and Mrs. Ollie Daniels, both of Anton.

Baron Von Steuben was a famous German officer who helped organize the Continental Army during the Revolution.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC. REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933
Of The Hamlin Herald published weekly at Hamlin, Texas for October 1, 1948. State of Texas, County of Jones.

Before me a notary public in and for the State and county aforesaid, personally appeared Roy J. Curtis, who, having been duly sworn according to law, deposes and says that he is editor of The Hamlin Herald and that the following is, to the best of his knowledge and belief, a true statement of the ownership, man-

agement, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1.—That the names and addresses of the publisher, editor, managing editor, and business managers are: Publisher, Willard Jones, Snyder, Texas; Editor Roy J. Curtis, Hamlin, Texas; Managing Editor, Roy J. Curtis, Hamlin, Texas; Business Manager, Roy J. Curtis, Hamlin, Texas.

2.—That the owner is: Willard Jones, Snyder, Texas; H. G. Lackey, Houston, Texas; June Jones, Hamlin, Texas.

3.—That the known bondholders, mortgagees, and other security holders owning or holding one per cent or more of total amount of bonds,

mortgages, or other securities are: Owen Pope, Hamlin, Texas; Bose Reader, Stephenville, Texas.

4.—That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company, but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embrac-

ing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or cor-

poration has any interest direct or indirect in the said stock, bonds or other securities than as so stated by him.

(Signed) Roy J. Curtis, Editor.
Sworn to and subscribed before me this 29 day of September 1948.
(SEAL) Faye Dean, notary
(My commission expires June 2, 1949.)

Youth Rally to Feature H-SU Service Band

A youth rally featuring members of the famed Hardin-Simmons University Life Service Band, will be conducted in the Hinson Baptist Church Saturday night and Sunday morning, according to Rev. Thurston Healer, supply pastor.

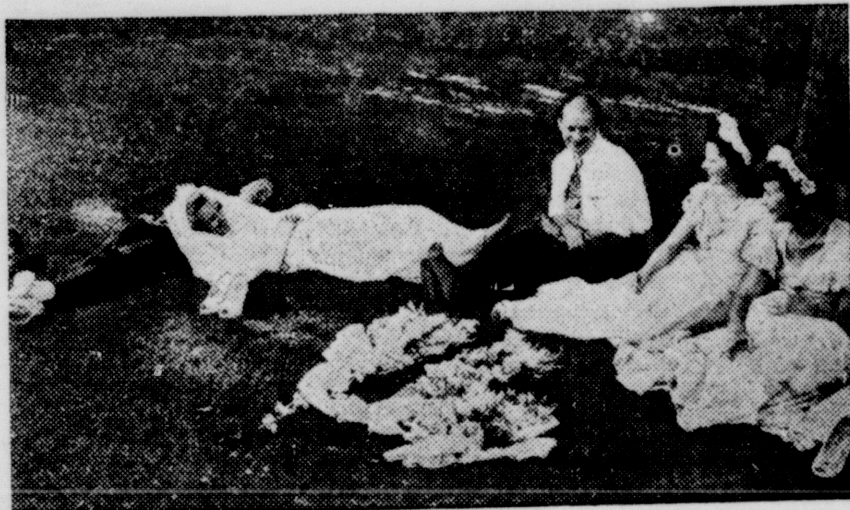

The church is located five miles west and three fourths of a mile north of Hamlin on the Rotan highway.

Services will be conducted at 7:30 Saturday night, at 11:00 Sunday morning, at 2:00 Sunday afternoon and at 8:30 Sunday evening, Rev. Healer said.

A basket dinner will be served at noon Sunday on the church grounds.

The public is invited to attend each of these services and hear special music, singing, personal testimonies and preaching.

Photo Classics

"Ahhh, that feels good!" sigh these newlyweds as they begin their honeymoon by stretching out on the grassward of a Milwaukee, Wis., park—in stockings feet. Couple at left tied the knot a few hours earlier, with shoeless gentleman at right as best man. Photo by Arthur M. Uhlmann with Speed Graphic in daylight.

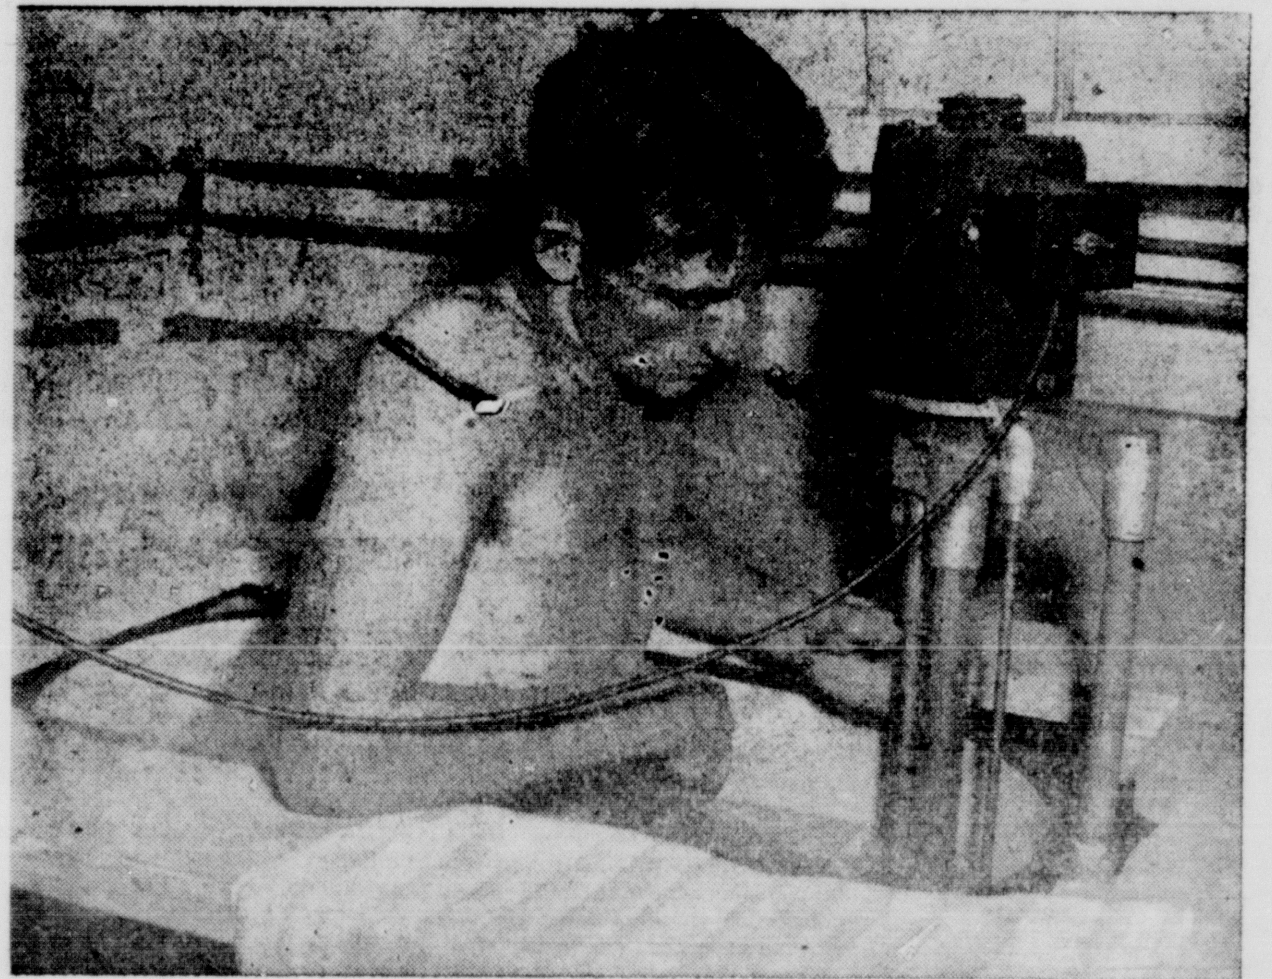

Too Late to Enlist if Physical Is Ordered

A registrant in the peace-time selective service cannot volunteer for enlistment in the armed services after he has been notified by his local board to appear for pre-induction physical examination, Sgt. Harold Hartgraves, recruiter of the Sweetwater district, announced this week.

Hartgraves is in Hamlin each Monday and Wednesday at the local fire station where he will interview prospective volunteers.

MOORE FINISHES COURSE

Corporal Worth C. Moore, son of Mr. and Mrs. W. C. Moore of Hamlin, has graduated from the six-months teletype mechanic course at the Signal School, Fort Monmouth, New Jersey. He is awaiting assignment to an other station for duty. Moore has been in the Army for two years, and previously was employed by G. R. Bennett of Hamlin.

Braw Rowland, former Hamlin football star, and now a star fullback on McMurry College's team makes a personal inspection of the Indians' new hydro-therapy machine. The device is commonly called a "whirlpool." Heater water, propelled by an electric motor, is helpful in treatment of injured muscles, and the machine makes use of this theory.

Statement From BOWEN POPE

TO HAMLIN PUBLIC:

On August 31, after nearly three years of ceaseless effort to create and get into service a modern hospital for ALL people of this area, I found that my physical strength was such that I had to get away into a new atmosphere to recuperate, I was gone 25 days, and upon returning I began to read about and hear unfavorable and damaging statements that the Hamlin Hospital Association and its \$80,000.00 worth of property should be thrown into a receiver's hands or that the whole thing should be sold.

Either step would destroy not only the usefulness of the hospital as a community health center, but it would be an admittance that the people of Hamlin, a population of perhaps 4,000, are not civic-minded enough to stabilize and hold secure such a valuable thing as the hospital in their own hands.

There are no grounds for "receivership."

It would scuttle the hospital if it should be sold.

I am opposed to any step that would take the hospital out of the hands of those who have confidently put their hard-earned money into the hospital, with the understanding that it shall always remain as a democratic-owned and controlled property. I shall exert every effort to prevent the destruction of the Hospital Association by turning it over to any private party or group of individuals who could and might exploit our community.

HERE ARE SOME FACTS:

Everything that has been done by the "organizing Board of Directors" has been legal, open and above-board. A general meeting of the Membership has been held, and reports made of what was done. A legal, typical Co-Operative Constitution and By-laws and rules and regulations, according to law, were read and approved. A board of nine directors was duly elected, and provisions are such that any vacancy may be filled by those who accept. If none of the elected directors see fit to accept, then it would be proper for the members to have another meeting and elect persons who would be willing to accept responsibility as officials.

At this time, as I understand, none of the men elected have accepted and drawn for their term of office, which must be either for ONE year, TWO years or THREE years. Until the duly elected men qualify as directors, the legal responsibility remains in the hands of the "Organizing Directors". The hospital is now suffering for some definite authority. Until directors assume authority the Membership is the only authority and whatever they do must be done by vote in a general meeting. If the men elected as directors will serve or if a majority qualifies, they can fill vacancies, but if none, then others must be elected as soon as possible.

When a meeting is called all members are notified and if a person does not attend that is his fault, and those present, regardless of number, constitute a quorum to transact business.

NOW ABOUT FINANCES:

To complete the building and have enough funds to make down payments on equipment, it was necessary to make a loan on the property of \$15,000.00 at 5 per cent for a period of 10 years, payable quarterly. Two payments have been made and the next one will be on December 1. The old Board made a contract with the two doctors whereby they pay the hospital \$100.00 each every month. This sum in three months will more than take care of each quarterly payment. The next payment will be \$553.13.

Each payment grows less every three months. So as long as the doctors pay for the rooms they occupy they will liquidate that loan, and more.

Equipment, like in nearly all housekeeping and business, is purchased by paying so much down and the balance over a period of time, so much each month. The total amount of monthly payments, including interest on some, is less than \$500.00 and will grow less as time passes. Only the September payments are delinquent, and to this date nobody has fussed about payment. All other payments have been made promptly. Some of these installments will last 8 months, and others will continue over nearly 3 years, unless the people who want to stop damaging rumors and slurs, rally behind the hospital and pay off all equipment and say, "we are safe from anybody taking out stuff because no pay is coming."

BUT THE HOSPITAL BELONGS TO THE PEOPLE, and some seem to think it is a failure and talk only failure. Some think it has done well as a young small hospital and only needs a chance to prove it will stand on its own feet. This question will be voted upon when a meeting is called. If it is sold, it must be by your vote and not by petition. If it is to be kept in the hands of the people, as started, it can be done by your vote. The question: Do you want one man or a few persons to buy the hospital at "some price" and enjoy the money that so many have contributed to all the people to be used and enjoyed by all the people for all time. Which do YOU want? I am for keeping it in the hands of the people, regardless of sacrifices, and damaging statements.

NOW ABOUT OPERATING COSTS:

The hospital started from nothing in the bank, February 16, 1948. There were no medicines and but small supplies. Up to September 1, the hospital bills receivable amounted to more than \$2,000.00 and enough to meet all items of running expenses and have considerable to apply on "open drug accounts." Much of this amount was in process of collections from insurance companies, but naturally some were doubtful. The first six months of operations, all bills, except some material and supplies on open accounts, were met as promptly as in most family accounts. There is no grounds to say that the services rendered by the hospital will not be paid for equal to the cost of operation.

All departments of the hospital have been well staffed by reliable help, and we believe in time more registered nurses and technicians can be obtained. Do not blame anyone if we can not find them.

Our doctors are widening their acquaintances and rendering exceptional services to all their patients. They are safe and careful. We are lucky to have them and it would be unfortunate for a long time to see their practice in this community disturbed. Again let me say we need your sympathetic support, morally and financially. My services are available to the limit of my physical strength and also my financial ability. Do you want the hospital to continue as we started? Let us know in a meeting that will be called soon. Whichever way the members decide I shall accept. If the hospital is not kept in the hands of the people, then I cannot work for building a hospital to benefit private or party owners.

Yours truly,
BOWEN POPE

CONDUCTS DANCE SCHOOL

Mr. and Mrs. I. R. Witt conduct a square dance school each Tuesday evening at 8:30 in the American Legion building. Several types of dancing are taught.

Mrs. O. W. James was a guest of relatives in Brownwood, Lampasas and Austin last week.

Rev. and Mrs. J. F. Curtis of Okla-

home City, and Rev. and Mrs. C. D. Curtis and son, John Day, of Abilene, were guests of R. J. Curtis in Hamlin Thursday evening.

Mr. and Mrs. Yates Harwell and daughter of Andrews, spent Sunday in Hamlin as guests of Mrs. Harwell's brother-in-law and sister, Mr. and Mrs. L. N. Foster.

Increase in Flu Cases Reported; Advice Is Given

The 414 cases of influenza reported in Texas last week, bring the incidence of this disease up to 40 per cent more than the seven year median, as shown from the figures submitted by the 181 counties sending in reports to the State Health Department.

Influenza without complications may be a fairly mild ailment, according to Dr. George W. Cox, state health officer, but, he pointed out, complications can turn this disease into a dangerous condition very quickly.

"Many cases of influenza are mild," Dr. Cox said. "Often they lend themselves to treatment readily. However, two important factors enter into the treatment of influenza, and they are, calling the family physician as soon as the first symptoms appear, and taking life very easy for a reasonable length of time after the acute stage has subsided."

Dr. Cox declared that influenza is not mass-controllable. He emphasized that maintaining the highest possible health level at all times affords an individual the best protection from contracting this disease.

"Getting plenty of sleep and rest, daily exercise in the open, nourishing foods, and strict personal hygiene are our best known defenses against influenza," Dr. Cox said. "This applies to all respiratory diseases. A person who avoids all habits and practices detrimental to a maximum well-being and thus builds up a strong resistance to disease, is much less likely to contract influenza than is the individual who does not guard his health in this manner."

WEEKLY NEWS ANALYSIS

Indian Troops Invade Hyderabad,
Endanger Country's Shaky Peace;
Russia Confuses Crisis in Berlin

By Bill Schoentgen, WNU Staff Writer

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

INVASION:
Hyderabad

Events in India were a far cry from the days when Mohandas Gandhi's philosophy of passive diplomacy prevailed among the affairs of that sub-continent.

Indian troops, strongly supported by armored units, had invaded the princely state of Hyderabad (see map) whose Moslem ruler—called the Nizam—had refused to join with the other Indian dominions even though Hyderabad's population is predominantly Hindu.

THAT WAS THE whole story. The Nizam and his small, compact Moslem court would not agree to follow the other Indian princely states in acceding to the Dominion of India which was established last year.

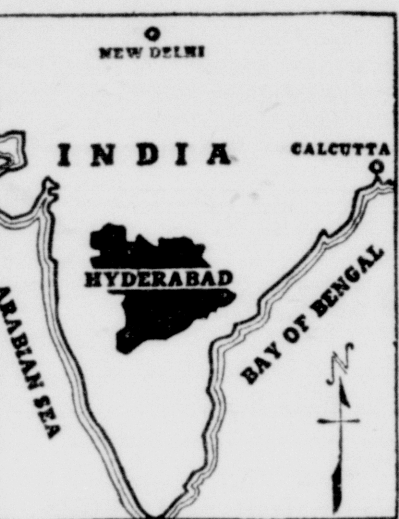

The Nizam, often called the richest man in the world, and the only surviving heir of the great Mogul empire, wanted to rule an independent Hyderabad.

Whether he could have succeeded in doing that, even if the dominion government had not opened hostilities against him, is questionable. Hyderabad is completely landlocked and has no access to the sea except by courtesy of the states surrounding it. All of its imports and exports, therefore, must pass through India.

WHILE HYDERABAD might profess its independence as a state, chances are that the economic and political conditions of actual independence never could be achieved.

Can India's invasion of Hyderabad be justified? Not too easily, if at all. It was not a matter of sending a police force into the state to quell internal disorders. It was, apparently, a deliberate act of aggression and as such should go before the U. N. security council for judgment.

From a practical standpoint there was not only no need for the invasion but there is an actual danger

involved. There are no linguistic or racial differences between Hyderabad's Hindus and the Hindus of adjacent states. The boundaries of Hyderabad are arbitrary and historical, not dependent upon the geography of the vicinity.

INDIA MIGHT have refrained from pushing the issue for a year or two, pending a peaceful settlement.

The potential danger lies in two phases of the situation:

1. THE HYDERABAD war might prove to be the factor that will precipitate violent conflict between Hindu and Moslem Pakistan, whose more or less peaceful relations now are strained and uneasy.

2. IT IS A BLOW to the British Commonwealth, to which both India and Pakistan still belong. With the Russians acting the way they are, any disturbance of the delicate balance of power that still prevails in the East could bring still another catastrophe down upon the world.

RUSSIANS:
Fantastic

Not even the most starry-eyed Pollyanna could deny that the U. S.-Soviet fracas over Berlin was downright fantastic and getting more so every day.

The whole thing simply had stopped making sense, even to many of the diplomats who were embroiled in the situation.

WHAT CHANCE was there for any logical kind of peace when, even while western diplomats were in Moscow attempting to work out a formula with Soviet Foreign Minister Molotov, the Russians in Berlin were inciting riots, kidnapping western sector policemen and firing on American planes engaged in the air-lift?

One complication was being piled on top of another, with the ensuing result that any possibility of a peace-

The Last Mogul

Sir Mir Osman Ali Khan, sometimes called the richest man in the world, is the Nizam of Hyderabad, land-locked princely state in India which was attacked by India's dominion troops.

ful solution was getting buried deeper and deeper.

That all this confusion was being fostered deliberately by the Soviets was quite evident. Their purpose for so doing was more obscure.

THE RUSSIANS want full control of Berlin, taking that as their immediate objective. Ultimately they want to force American occupation troops completely out of Germany, after which Russia could take over the great German industrial potential, including the inestimably valuable Ruhr section.

However, there might be still another reason for this display of Soviet diplomatic aggression which was planned almost a year ago to erupt this fall.

The Russians might be trying to harass the western nations to the point where the entire Berlin issue will be dumped in the lap of the United Nations. Once the crisis comes under U. N. jurisdiction the Russians might plan to use the inevitable squabble as a pretext for resigning from the world organization and taking their satellite states with them.

THE EAST-WEST split into two opposing power spheres then would be complete. Moreover, the U. N. itself probably would be reduced to total impotency in guiding international affairs.

And the question of whether the Soviet Union is entertaining motives like these might be answered by the end of the year. For the western nations were determined that if they didn't get some satisfaction from Moscow soon they would arraign Russia before the United Nations this fall.

COTTON:
Lift Dat Bale

With the largest cotton crop since 1937 being harvested this year, Uncle Sam is making ready to stage a comeback in the cotton buying business.

Of the 15,219,000 bales to come off the land, the cotton trade estimates that about a third will go into storage under federal loan.

TWENTY-ONE MILLION people in the United States depend on cotton for their livelihood, and the fate of the cotton crop, therefore, is not only a personal but a national concern.

The federal government is coming into the picture because cotton prices are coming down. They have reached 31.04 cents a pound, which is pretty close to the support floor of 30.74 cents.

Here's what happens:

WHEN THE COTTON grower hauls his crop to the warehouse he gets a receipt for it, and then he either sells the cotton at the market price or accepts the government's standing offer to lend him money on it.

If he chooses to accept the loan, he is paid 30.74 cents a pound on the average—the exact price depending on the kind and quality of the cotton.

Then he is free, for one year, to sell the cotton for more money, provided the price goes up. If he doesn't sell it within a year the government becomes owner of the crop.

PROBABLE EFFECT of this operation will be to keep a lot of cotton off the market this year, thus preventing the price from dropping through the support floor. Also, it will result in the government's ending the year with several million bales of cotton on its hands.

THICKER THAN FLIES

Russia Is Well Supplied With Manpower

Russia and the Soviet satellites are appallingly well supplied with manpower for military purposes, according to official estimates in Washington.

In Soviet Russia alone there exists a tremendous reservoir of able-bodied men for land armies. Best estimates indicate the existence of 175 divisions of Russian ground force and security troops, embody-

ing a total of three million men and including about 400,000 MVD security troops.

Eight Soviet satellite states are reputed to be able to muster a total of about 100 divisions of 1,121,600 men. That makes a grand total of 4,121,600 soldiers in 274 divisions, many of whom are deployed at or near the point at which war could be started.

BIG FOUR:
Or Little 14?

The U. S. government's spectacular suit against the "big four" meat packing companies—Swift, Armour, Cudahy and Wilson—promised to be one of the biggest anti-trust actions since President Theodore Roosevelt said something about carrying a big stick.

Filed by the justice department in federal court in Chicago, the suit asks that the four companies be broken up into 14 separate firms. Specifically, the U. S. wants Swift and Armour to be carved into five separate companies each and Wilson and Cudahy each to be split into two firms.

TOM CLARK, attorney general, said in a statement: "The four defendants named in the complaint are charged with suppressing competition in the sale of meat and meat products." The Sherman anti-trust law is being invoked in the action.

Clark described the suit as "another in a series of cases instituted by the department of justice in furtherance of its program to free the production and sale of food and food products from monopolistic restraints."

THE PACKERS had another story to tell, however, with "playing politics" as one of their key phrases.

Said John Holmes, president of Swift and company: "It is significant that the charges appear at the beginning of this fall's political campaign. Apparently an attempt is being made to shift responsibility for inflationary price trends."

"No one can control either livestock prices or meat prices," Holmes fumed.

INFRA-RED:
Frost Killer

The day—or night—of the old fashioned smudge pot as the main buffer between plants and killing frost may be nearing an end.

Science has taken over to come up with a new kind of frost killer, development of which was sponsored by the American Iron and Steel institute.

THE CONTRAPTION, known as the Plymouth infra-red lamp, is in a fair way to affect materially the nation's agricultural system, the institute thinks.

Reporting on the new device, the institute pointed out that while farmers will find the lamp invaluable in saving crops during the first touches of frost, the growing season actually may be extended as techniques for its use are developed.

Dr. Arthur W. Farrell of Michigan State college, one of the men responsible for development of the infra-red machine, cited an example: "On September 2, 1946, to take one example, Michigan had a two-hour killing frost. The next frost did not occur until October 1, a month later. Had tomato and melon growers been able to protect their crops for about two hours on the morning of September 2, they would have had four more weeks of very favorable growing weather. As it was, they lost everything."

"THE FROST dispeller, made up of sheet steel and a little ingenuity, will put an end to some of nature's nonsense."

The lamp is composed of a circular piece of stainless steel, shaped in cone-shaped steps, with an oil burner within the framework. When the burner is put into action, the steel heats until it becomes cherry-red. At this point, infra-red rays are thrown off, spreading over the area to be warmed, even entering the ground in their intensity.

Headliners

IN PASADENA... Michael Beal, 83, (above) received a 30-day suspended sentence for being drunk and disturbing the peace after he had propelled his wheelchair up and down sidewalks at a furious rate of speed, hurling invective and profanity at all comers.

IN GREAT FALLS, Mont... Members of the Cascade county Democratic central committee voiced no objection when Ray Wise, a Republican, submitted his resignation after being elected Democratic precinct committeeman.

IN EAST PRAIRIE, Mo... A. L. Webb cleaned out his desk, came across a letter his wife had given him to mail 11 years ago, shuddered at the possible consequences, finally mailed the letter.

BLIMP:
Biggest Yet

Biggest blimp the U. S. navy ever ordered and the first to be constructed for since the war soon will be under construction at the Goodyear Aircraft corporation in Akron, Ohio. The U. S. navy bureau of aeronautics has announced.

The ship will have a helium capacity of 825,000 cubic feet and an empty weight of about 34,000 pounds. It will be 324 feet long, 71 feet wide and 92 feet high.

WALTER SHEAD, WNU Correspondent

Too Many Farmers?

WHY, with the increased demand for farm products and the fact that farming is more prosperous than ever before in its history, is there a continual and rapid decrease in farm population?

The bureau of agricultural economics in answer to that question told this reporter that the basic reason is simply that there are too many farmers. As a matter of fact, the farmers can do the job they are doing with many less farmers than there are today.

Actual farm population of the country as of January 1 this year was 27,439,000 which is a decrease of three million since 1940. So in seven years there was a migration of three million persons away from the farms and to the cities.

Even so, there are still more than enough farmers to do the gigantic job of production which has been asked of the farmers of the nation, for one out of every three adult per-

sons who live on farms have either a part-time or full-time job in the cities and towns.

In 1944 which was one of the peak years of farm production there were only 25,630,000 persons living on farms, the main reason being that the young men had gone to war.

There simply isn't room enough or work enough on the farms to take up the population born on farms. Farm population would double itself in a generation. The birth rate in the rural areas is 19.1 as compared to 17.1 in urban areas to every 1,000.

For three decades, technological development, increased yields per acre despite rapid population increases of the nation as a whole and consequent increased demands for more food, have brought about a trend of migration away from the farms. And were it not for the higher standard of living brought about by the advent of electricity and other conveniences on farms, this migration would be even more rapid than it is today.

Machine and power tools, better housing and schools, the automobile—all have been a deterrent to prevent this out-farm movement, but it hasn't been enough and the simple fact remains that the nation still could do with fewer farmers and still produce sufficient quantities of food to feed the country and part of the world.

Even back in 1930 when there were not many jobs in cities, one out of seven farmers went to the cities to work. In 1940 one out of five farmers worked in cities and towns and as pointed out above, today one out of three adults make their living or part of it working off the farms. While this migration has been mostly from the smaller and less economically prosperous farms, even on large commercial farms and the better family-size farms the ratio of adults working in the cities holds good.

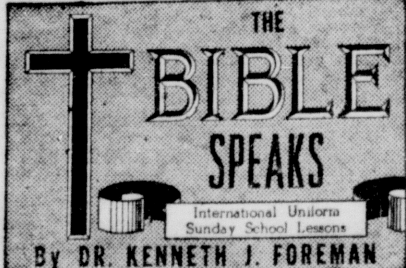

Cabinet Post

Many of the political dopsters here say that the next secretary of agriculture, if Governor Dewey is elected, will be Congressman Clifford Hope of Kansas, chairman of the house agricultural committee. Probably standing head and shoulders above Congressman Hope as a statesman is Sen. George D. Aiken (Rep., Vt.), who will head the senate agricultural committee in the 81st congress, and who is author of the new long-range farm bill. But Senator Aiken is too independent and too liberal.

This column predicts the next secretary of agriculture, provided, of course, Dewey is the choice of the people, will be someone like Milton Eisenhower, president of Kansas State college and brother of Gen. Dwight Eisenhower.

Farm Co-ops Grow

Despite fights being made on farm co-ops by some politicians, membership in the past year has increased by 400,000 to 5,436,000 members according to the co-op research and service division of the farm credit administration. Business of the 10,125 co-ops increased 16 per cent to \$7,116,000,000 for the year. Sixty per cent of the business was in the 10 states of California, Minnesota, Illinois, Iowa, New York, Wisconsin, Ohio, Missouri, Indiana and Washington.

All-Time Best Seller

Lesson for October 3, 1948

IF ALL the Bibles sold in one year by one manufacturer, the American Bible society, were piled on top of one another, flat—not endwise—that pile of Bibles and testaments would be 26 miles high. In 1947 that firm put out the astonishing total of 9,310,439 Bibles, testaments or portions. During the first 125 years of the society's existence, 305,579,217 copies of Scripture were printed and sold by them, this would make one shelf 870 miles long.

The Bible is the best selling book in the world. No other book is in its class.

Not to know the Bible is not to know the most widely read book in the world. The American Bible society publishes it in only 167 languages, but parts of it have been translated into as many as 1,000 languages and dialects.

Many Authors

SUCH popularity must be deserved. There are many reasons why the Bible continues to be, year after year, the all-time best seller. But one of the reasons is its impressive variety. It is not one book, it is a library of books. Whatever your mood, whatever your need, there is a page in the Bible, somewhere, for you.

A Christian will try seriously to appreciate the whole Bible and not merely one or two parts of it. Yet there is such variety in it that invariably some persons are attracted by one feature of it while another feature makes stronger appeal to others.

Our studies these next three months will be in "The Literature of the Bible" and each week we shall be noticing a different feature. This week we give a thought to the tremendous variety of the Bible, along with its underlying unity.

Many Types

LOOKING through the Bible you find all varieties of literary types; you find poetry and prose; stories, essays, sermons, biographies, dramas; rhapsodies, love songs, funeral dirges and battle hymns.

Here are pages as prosaic as a telephone book and here are pages more exciting than any fiction. Here are simple, straightforward ideas that a child can understand as soon as he understands the words and here are mysteries so profound that the world's mightiest and boldest minds shrink back in awe.

The Bible is not like a piece of music played on one single instrument, like a tune on a piccolo; it is more like an immense symphony—the more often we listen to it, the more we hear in it.

Many Times

NO ONE knows exactly how long it took for the Bible to be written. Let us suppose that the earliest parts came from the pen (or stylus) of Moses, and the latest part from about 100 years after Christ (John and the Revelation). If Moses flourished around 1200 B. C., that would mean that the Bible was completed 13 centuries after it was begun.

In 13 centuries much can happen, and much did. There is hardly any circumstance or crisis, there is scarcely any time, however humdrum or thrilling, which does not have its match in the Bible. Its writers were inspired men; they knew God. But they also knew the times in which they lived, and thus can speak to ours.

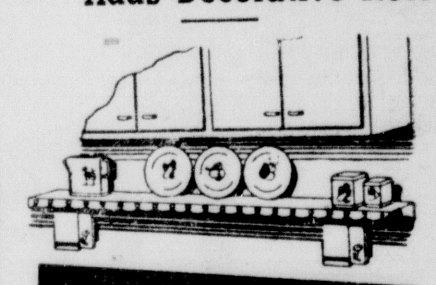

One Theme

FOR all the vast variety of the Bible, there is in it a deep and lofty unity. It is bound together by its mighty purpose, which throbbled in the heart's blood of every man who wrote a line of it. That purpose is to make God real to man, and to bring man to God. The writers of the Bible may have had their lighter moments, but they did not write these pages then.

They wrote under the irresistible impulse, born of the Holy Spirit, to make plain to other men what God had revealed to them.

So as you come to the Bible, remember its purpose is not to make you admire or revere it as a book; its great purpose is to be transparent, a window through which you shall see God.

Practical Wood Shelf
Adds Decorative Note

THE Wedgwood narrow shelf illustrated above is designed for use over sink, stove or in the bathroom. On it you can keep the many small articles you're always taking extra steps to reach. It not only provides a handy and practical amount of extra shelf space but it also adds a decorative note to the room.

The full size pattern offered above is traced on the wood which the pattern specifies. Then saw and assemble. A really professional note is obtained by placing upholsterer's tacks on shelf where pattern indicates.

Send 25 cents for Wedgwood Shelf Pattern No. 4 to East-Bild Pattern Co., Dept. W, Pleasantville, N. Y.

ASK ME
ANOTHER?

A General Quiz

The Questions

1. How many permanent teeth does a man have?
2. What does an orthodontist do?
3. How much did the trial of former Premier Tojo and his aides cost?
4. What state and what cities in the U. S. were named the "safest in the nation?"
5. What state is known as the "Cracker state?"
6. What term is applied to a horse that has never won a race?
7. How much of the boundary between the United States and Canada is water?
8. What is the size of a pitcher's plate in baseball?
9. Which Biblical character freed his people with a slingshot?
10. Does a male or female heart beat faster?

The Answers

1. Thirty two.
2. He straightens teeth.
3. A record-breaking 20 million dollars.
4. Connecticut; Oklahoma City, Okla. and Wilmington, Del.
5. Georgia.
6. A maiden.
7. Close to three-fourths or almost 3,000 miles.
8. Twenty-four inches by six inches.
9. David.
10. The female heart, which beats an extra eight to ten times a minute, or some 300 million times more in a lifetime.

That Nagging
BackacheMay Warn of Disordered
Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

DOAN'S PILLS

FIRST AID to the AILING HOUSE

by Roger C. Whitman

QUESTION: We have just emptied the last gallon from our 50-gallon range-oil drum, and the drum seems to be full of rust. Is there any way to clean this out before we have it refilled?

ANSWER: I believe the lower inside part of the drum has probably corroded. If you do not wish to buy a new one, you might consider having the lower part cut out and a new piece welded on. After opening up the drum it can be cleaned out thoroughly before welding on the new piece.

QUESTION: I have a pair of wrought iron candlesticks. I have just removed a coat of shiny black enamel from them. Now what is the correct, dull black paint or finish to use on them?

ANSWER: First wipe with benzine to remove all traces of whatever kind of remover you used to take off the old finish. Be careful of fire when using benzine. Finish the pieces with a flat black paint intended for metal surfaces; the better stocked paint stores sell this paint.

SEWING CIRCLE PATTERNS

Woman's Frock Has Nice Detail Neat Dress for School Dates

Campus Brightener.

JUST the thing to brighten a campus wardrobe is this clever yoked dress for juniors. The V trim on the yoke is repeated at the neckline. Sleeves can be brief or the popular push-up length.

Pattern No. 8299 is for sizes 11, 12, 13, 14, 16 and 18. Size 12, cap sleeve, 4 1/2 yards of 35 or 39-inch.

SEWING CIRCLE PATTERN DEPT. 530 South Wells St. Chicago 7, Ill. Enclose 25 cents in coins for each pattern desired. Pattern No. _____ Size _____ Name _____ Address _____

Accented Bodice.

A SOFT graceful looking afternoon frock for the slightly heavier figure with scallops to accent the bodice, shaped sleeves and a slim gored skirt. Bracelet length sleeves are also provided.

Pattern No. 8258 comes in sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36, short sleeve, 3 1/2 yards of 36 or 39-inch. Send an additional 25 cents for your copy of the Fall and Winter STYLISH. It's filled with smart new styles, special features, easy to make frocks. Free pattern printed inside the book.

AROUND THE HOUSE

On washdays wear an oilcloth apron made of an old tablecloth. This keeps you dry from neck to hem. If there is enough material, you can make a matching bag in which to carry clothespins.

Baked apples served a la mode make a party dessert. Put vanilla ice cream on a warm half of the baked apple.

When making jellies and preserves, keep a small saucer on the side of the stove to hold the spoon after stirring the mixture. If rested on the stove the sirup frequently bakes to the stove and this hardened mass is difficult to remove.

Convenient storage place for playthings for the convalescent child is a fabric shoe bag which can be hung beside the bed. Crayons, pencils, scissors and paper fit easily into the shoe pockets.

Put a sponge in a bowl of left-over starch and let it absorb the starch. Then when you have a petticoat ruffle that needs a bit of starch, dampen the sponge and squeeze the sponge into water for sufficient starch.

If one key in an otherwise well-behaved piano suddenly refuses to play, don't send for the repairman. First, look inside the instrument to see if, as so often happens, some small object has fallen on the strings.

Farmers' Exports

Nearly all of the farmers who operate the more than 150,000 farms in Kansas grow one or more crops for export and benefit directly from foreign trade, according to a United States State Department report.

The report cites Cuba's importance as a purchaser of this country's farm and other products and comments that under the stimulus of the Reciprocal Trade Agreements program, Cuba's imports of wheat flour from the United States increased from \$2,935,000 in 1933 to \$5,383,000 in 1938, or about 83 per cent.

7 DAYS WILL DO IT

YES, in just 7 days... in one short week... a group of people who changed from their old dentifrices to Calox Tooth Powder averaged 38% brighter teeth by scientific test. Why not change to Calox yourself? Buy Calox today... so your teeth can start looking brighter tomorrow!

CALOX TOOTH POWDER McKesson & Robbins Inc., Bridgeport, Conn.

POT-SHOTS FROM McCAULLEY

GEORGE DARDEN

A farwell party was given in the home of Mrs Rufus Herbst last Thursday honoring Mrs. Ann Jackson of Hamlin and formerly of McCaulley. Mrs. Jackson will move within a few days to Dallas where she will make her home. Mrs. Jackson who has been active in home demonstration work and in church circles will be missed not only by these organizations but by her neighbors who have known her through the years. Our best wishes goes with her to her new home.

College students home over the week-end were, Charley Lee, Patsy Maberry and Margaret Darden.

Although the McCaulley gin suffered a two day breakdown last week 179 bales had been ginned prior to Saturday night.

S E Miers left Friday for a 10 day visit with daughter and family. Mr and Mrs. Sim Reeves in Fort Stockton.

Visiting relatives in McCaulley and Hamlin last week-end were Mrs. Dan Maberry and W E Maberry of Lamesa.

Frank Maberry of Roby and formerly of McCaulley underwent surgery in an Abilene hospital last week.

Mr and Mrs. Howard Darden and son and daughter, from Lubbock, visited his brother, George, and family in McCaulley last week-end.

Marvin Milner has opened the McCaulley Cafe.

Several 4-H Club boys of this community will be guests of the West Texas Fair in Abilene Thursday of this week.

It's fall of the year in McCaulley. The hum of the gin and dollars changing hands remind us of the good old days.

Over 100 McCaulley students are enjoying the good meals served at the school lunch room this year and it is announced that all money received from the lunches will go into more and better lunches.

Mr. and Mrs. C D Jones and Beth motored over to Abilene Saturday to see McMurry College and East Texas Baptist College play football.

Letter Writing Week Set for October 17

National Letter Writing Week will be observed in the United States from October 17 to 23, it was announced this week by Perry Sparks, postmaster.

Purpose of the week is to encourage the writing of letters and the slogan adopted for the event is "Write Today and Make Someone Happy." Observance of the week in past years has resulted in the writing of millions of additional letters, Sparks said.

Mr and Mrs K C Short and daughter visited his sister and other relatives in Big Spring last week-end. Johnnie Max Jones, McMurry student, visited Sunday with his parents in McCaulley.

Mr and Mrs. George Maberry returned last Saturday from a visit in Marshall, Oklahoma, with Mr and Mrs Paul Beavers and family.

Tuxedo Boy's Jersey Won Prizes in Tyler

Winner of two prizes in the State Jersey Show, held in connection with the East Texas Fair at Tyler, a Jersey yearling owned by Elton Brigham of Tuxedo, will be entered in the National Dairy cow show in Columbus, Ohio.

Brigham's yearling was awarded second place in the junior division and was selected as one of the 10 best animals in Texas. The calf also won second place in the junior division, cow class.

Brigham will exhibit some hogs in the West Texas Fair and will enter Jerseys in the State Fair. He will make the trip to Columbus to show his yearling.

MOST OUTSTANDING YOUNG TEXAN—John Ben Shepherd, East Texas attorney and past president of the U. S. Junior Chamber of Commerce, has been voted Texas' most outstanding young man by the Young Democratic Clubs of Texas. Shepherd will be honored at a dinner in Fort Worth, September 13, preceding the State Democratic Convention. Governor Beauford Jester and other state officials and party officers will be honor guests of Texas Young Democrats.

Mr and Mrs C Elwood, Assembly of God evangelist from Tulsa, Oklahoma were visitors in Hamlin two days last week.

Dorm Is Given to H-SU as Tribute To J. C. Hunter

A tribute to the memory of the late Judge J. C. Hunter of Abilene, a girls' dormitory already completed on the campus of Hardin-Simmons University, is being paid for by members of the American petroleum industry.

The gift was announced last week by Dr. Rupert N. Richardson, president of H-SU.

Hunter, long a leader in American oil affairs, was a trustee of the university, and took an active interest in its welfare until his death, November 11, 1945. He was president of the Mid-Continent Oil & Gas Association.

The dormitory was completed recently with money borrowed from a bank, and the loan will be paid off by the gift.

The dormitory will be named Hunter Hall as a memorial to the late civic and church leader.

Dr. Richardson, in commenting on the gift, said, "Although our school has benefitted in unnumbered ways

Revenue Collections in Texas Take Jump

Federal revenue collections in Texas totaled \$83,333,485 in August, rising 15 per cent from a year earlier, the University of Texas Bureau of Business Research reported.

Employment taxes jumped 37 per

cent from August 1947; income, 14 per cent; and withholding, 14 per cent. Collections in First District, South Texas, stepped up seven per cent from a year earlier. Employment taxes were up 18 per cent; withholding, 10 per cent; and income, 10 per cent.

Second District, North Texas, reported a 24 per cent gain from August 1947. Employment taxes increased 53 per cent; income, 29 per cent; and withholding, 19 per cent.

Mr and Mrs Clyde Angel and son, Robert, visited Mr. Angel's parents in Cross Plains last week-end.

BY A LANDSLIDE! THE '49 FORD ELECTED CAR of the YEAR

"Magic Action" King-Size Brakes
The '49 Ford's new "Magic Action" brakes turn car's momentum into stopping power. They work 25% easier at a flip-top lunch.

2 New Engines V-8 or Six
Ford's new V-8 engine, new "Deep Breath" V-6 engine, new "Deep Breath" V-6 engine, new "Deep Breath" V-6 engine. They're 100% new. They're 100% new. They're 100% new.

"Magic Air" Temperature Control
New 3-way "Magic Air" temperature control is an extra you'll want. Plenty of fresh, outside air in summer, a wealth of warm air in winter.

Seats are Solo-Wide
Front seats are actually 57" wide, rear seats 62". Plenty of room for 3, front and rear.

"Mid Ship" Ride
With the '49 Ford's new seating plan, nobody rides over the wheels. You ride safely between wheels in the new 5V-8. More rigid "defender" body and frame structures.

"Hydra-Coll" Springs
They're completely new for new comfort! New "Hydra-Coll" Springs in front (with shock absorbers built in). New "Para-Flax" Springs in back.

There's a NEW Ford in your future!
